provide a more adequate response It is contended that the police themselves can and should play a major role in the control of police violence and that they should have both the responsibility and opportunity for rectifying what went amiss The implications of his study extend beyond the immediate Glaswegian Scottish and even British context and are of wider interest to all those who are concerned with the issues and problems of police violence policing police misconduct and police accountability in general

Policing the City Andrew Todd Harris,2004 In *Policing the City* Harris seeks to explain the transformation of criminal justice particularly the transformation of policing between the 1780s and 1830s in the City of London As utilitarian legal reformers argued that criminal deterrence ought to be based on certain and rational punishment rather than random execution they also had to control the discretionary authority of enforcement This meant in theory and practice the centralization of policing in the

1830s and the end of local policing which was seen as corrupt inefficient and unsuitable for rational criminal justice Revolutionary changes in policing began locally however in the 1780s Such local changes preceded and inspired national reforms and local policing up to the centralizing measures of the 1830s remained dynamic responsive and locally accountable right until its demise Anxiety about policing had as much to do with the social origins of the police as it did about the origins of criminality and control over the discretionary authority of watchmen and constables played a larger role in criminal justice reform than the nature of crime The national metropolitan and City police reforms of the late 1830s were thus the culmination of a contentious argument over the meanings of justice efficiency and order rather than its beginning Harris s evidence reveals how what we ve come to think of as modern policing evolved out of local practice and reflects shifts in wider debates about crime justice and discretionary authority *The Policewoman, Her Service and Ideals* Mary E. Hamilton, 1971
