Professor Blum's approach emphasizes the student's role in the learning process empowering them in the classroom to explore the material ask questions and share ideas instead of the instructor lecturing to passive learners about what they need to know. Beginning with a preface to IBL the book is organized into three parts each consisting of four to ten chapters. Each chapter has a dedicated topic where an initial few paragraphs of introductory or fundamental material are provided. This is followed by a series of focused questions that guide the students learning about the concepts being taught. Featuring multiple inquiry
