horrendous evil even the most pious believer may question not only life's worth but also God's power and goodness A distinguished philosopher and a practicing minister Marilyn McCord Adams has written a highly original work on a fundamental dilemma of Christian thought how to reconcile faith in God with the evils that afflict human beings Adams argues that much of the discussion in analytic philosophy of religion over the last forty years has offered too narrow an understanding of the problem The ground rules accepted for the discussion have usually led philosophers to avert their gaze from the worst horrendous evils and their devastating impact on human lives They have agreed to debate the issue on the basis of religion neutral values and have focused on morals an approach that Adams claims is inadequate for formulating and solving the problem of horrendous evils She emphasizes instead the fruitfulness of other evaluative categories such as purity

the traditional teaching of the Orthodox Church about the various stages of the posthumous life of the soul The famous Orthodox French theologian Jean Claude Larchet tried to present in as much detail as possible the Orthodox doctrine of death and resurrection and to make due clarifications to the controversial issues discussed with representatives of other Christian denominations about purgatory prayer for the dead and for the veneration of saints or in the bosom of Russian theology itself about apocatastasis or aerial ordeals

Maximus the Confessor and Evolutionary Biology Andrew P. Jackson, 2024-11-04 This book brings Maximus the Confessor's logoi doctrine into dialogue with modern day evolutionary biology It explores the extent to which the logoi as described by Maximus exhibit features that are concordant with evolution before going on to consider more discordant aspects that cannot be ignored The author addresses the curious resonance between the logoi and evolution in a systematic way through a close reading of primary textual material allied with a deep understanding of both the classical Darwinian and extended evolutionary syntheses The study joins with other Maximian interpreters in attesting to the incarnational and theophanic nature of the logoi but seeks to extend this distinctively Eastern Christo cosmology into the problematic territory

of biological evolution a territory historically dominated by Western scholarship The book will be of interest to scholars of religion and science as well as Patristics and the Eastern Orthodox theological traditions The Street Was Mine M. Abbott, 2002-12-19 This book considers a recurrent figure in American literature the solitary white man moving through urban space The descendent of Nineteenth century frontier and western heroes the figure re emerges in 1930 50s America as the tough guy The Street Was Mine looks to the tough guy in the works of hardboiled novelists Raymond Chandler The Big Sleep and James M Cain Double Indemnity and their popular film noir adaptations Focusing on the way he negotiates racial and gender otherness this study argues that the tough guy embodies the promise of an impervious white masculinity amidst the turmoil of the Depression through the beginnings of the Cold War closing with an analysis of Chester Himes whose Harlem crime novels For Love of Imabelle unleash a ferocious revisionary critique of the tough guy tradition **St. Paul's Epistles to the Thessalonians** Charles John Ellicott, 1866 A critical and grammatical commentary on st Charles John Ellicott, 1880 St. Paul's Epistles to the Philippians, the Colossians, and Philemon Charles John Ellicott, 1865 *Report of Mr. Gallinger* United States.
