There is no other book on Indian cookery which encompasses this method. Jasprit Bhargal's innovative new cookbook dispels the myth that Indian cookery involves too many ingredients, is too difficult, or is too hot. I am passionate about Indian cooking. However, I also encounter plenty of misconceptions about the food. A common perception of Indian cuisine is that it is mainly comprised of curries, yet there is so much more to Indian cooking than that people usually encounter in restaurants and takeaways. In this book, I have tried to dispel various myths about Indian food. By reducing the number of ingredients, my mission is to make Indian food easy and accessible. I want to prove that anyone can create wonderful Indian dishes in their own home in a short amount of time with little fuss. The recipes in this book include many well-known curries but also include simple dishes which can be whipped up in a matter of minutes. *The Culture and Recipes of India* Tracey Kelly, 2016-12-15 India is a large, colorful country with varied terrain, and its cuisine reflects its bountiful resources.
