Shakespeare on Love and Lust Maurice Charney,2002-07-22 The complex and sometimes contradictory expressions of

love in Shakespeare's works ranging from the serious to the absurd and back again arise primarily from his dramatic and theatrical flair rather than from a unified philosophy of love. Untangling his witty bawdy and ambiguous treatment of love, sex, and desire requires a sharp eye and a steady hand. In *Shakespeare on Love and Lust*, noted scholar Maurice Charney delves deeply into Shakespeare's rhetorical and thematic development of this largest of subjects to reveal what makes his plays and poems resonate with contemporary audiences. The paradigmatic star-crossed lovers of *Romeo and Juliet*, the comic confusions of couples wandering through the wood in *A Midsummer Night's Dream*, Othello's tragic jealousy, the homoerotic ways Shakespeare played with cross-dressing on the Elizabethan stage: Charney explores the world in which Shakespeare lived and how it is reflected and transformed in the one he created. While focusing primarily on desire between young lovers, Charney also explores themes of love in marriage: Brutus and Portia and in same-sex pairings: Antonio and Sebastian. Against the conventions of Renaissance literature, Shakespeare qualified the Platonic view that true love transcends the physical. Instead, as Charney demonstrates, love in Shakespeare's work is almost always sexual as well as spiritual, and the full range of desire's dramatic possibilities is displayed. *Shakespeare on Love and Lust* begins by considering the ways in which Shakespeare drew upon and satirized the conventions of Petrarchan Renaissance love poetry in plays like *Romeo and Juliet*, then explores how courtship is woven into the basic plot formula of the comedies. Next, Charney examines love in the tragedies and the enemies of love: Iago, for example. Later chapters cover the gender complications in such plays as *Macbeth* and *The Taming of the Shrew*, as well as the homoerotic themes woven into many of the poems and plays. Charney concludes with a lively discussion of paradoxes and ambivalences about love expressed by Shakespeare's word play and sexual innuendoes.

[Love, Lust, and License in Early Modern England](#) Johanna Rickman, 2016-12-05 Focusing on cases of extramarital sex, Johanna Rickman investigates fornication, adultery, and bastard bearing among the English nobility during the Elizabethan and early Stuart period. Since members of the nobility were not generally brought before the ecclesiastical courts, which had jurisdiction over other citizens' sexual offences, Rickman's sources include collections of family papers, primarily letters, state papers, and literary texts: prescriptive manuals, love sonnets, satirical verse, and prose romances, as well as legal documents. Rickman explores how attitudes towards illicit sex varied greatly throughout the period of study, roughly 1560-1630. While some viewed it as a minor infraction, others, directed by a religious moral code, viewed it as a serious sin. She seeks to illuminate the place of noblewomen in early modern aristocratic culture, both as historical subjects, considering personal circumstances, and as a social group, considering social position and status. She argues that two different gender ideals were in operation simultaneously: one primarily religious ideal which lauded female silence, obedience, and chastity, and another more secular ideal which required noblewomen to be beautiful, witty, brave, and receptive to the games of courtly love.

Lust for Power Joseph Haroutunian, 2011-06-27 This book is a study of the misuse of power which has become the chief social problem of our time The usual attitude towards will to power is that it is a source of evil and should be held in check as much as possible There is also the contrary attitude that will to power is a natural impulse that is indispensable for a good life Our judgment in this matter depends upon whether it is we who seek power or someone else There is a natural love of power for a good end There is also an unnatural lust for power that makes the exercise of power an end in itself This lust is the corruption of love by a radical distemper in the human soul It cannot be explained in terms of the quest for security freedom prosperity or any other rational good It is not caused either by biological traits or by any particular environment It is generated by man's despair with his destiny by the power of death and the anxious guilt that prevail in human existence Lust for Power is primarily a description of the process by which love of power is changed into lust for power with special emphasis on the new power available in our technological society and upon the despair evoked by the modern world In the last chapter faith and culture are presented as the double antidote to lust and as the conditions of a life at once natural and good
