The Enemy in the Bush is a book that takes you through an adventure and journey of one s man s life from growing up in the ghetto of Newark New Jersey to becoming a decorated military veteran of more than 22 years In it he shares how he navigated a multitude of life challenges and consciously determined what direction his life would take and how he was going to be purposeful on this earth how he would discover and fulfill his destiny Derrick has always believed that you determine your destiny on this earth And that it is our determination to overcome life s challenges that dictates how we live our lives how we conduct ourselves in every situation Unfortunately many of us have not developed the discipline and life skills that are required to overcome adversity thereby limiting our ability to accomplish our major life goals He however has learned that when we are willing to look within ourselves for answers rather than becoming fixated on our current circumstances and areas in which there appears to be a lack we automatically empower ourselves to find greater inner strength and hope Most importantly we get to a place where it is impossible for us to find excuses for not achieving our goals due to external factors Instead we begin to see that the true Enemy in the Bush is our internal demons negative thinking and other limitations that we place on our ourselves By sharing his life story and Five Key Principles that have helped him successfully navigate life s challenges and accomplish many of his major life goals his hope is that this book will equip you with the ability to identify and conquer the Enemy in the Bush at every stage of your life **Gung-ho** ,1985 *Introduction to Documentary, Third Edition*
