Writing for Understanding Donovan R. Walling, 2009-08-25 While we have all heard of writing across the curriculum areas, Walling gives us an understanding of what this really means and provides examples that any teacher can modify to expand lessons to a more meaningful level, thus enhancing both writing and critical thinking skills in students. Mark S. Strauss, Principal, Virginia Schuman Young Montessori Magnet Elementary School, Ft. Lauderdale, FL, Walling demonstrates through student writing samples and classroom dialogues how all content teachers can use various writing modes to enrich students' content knowledge to the level of innovation and greater clarity. Carol Conway Gerhardt, President, Catholic Schools Education Alliance of the Bay Area, Inc., develops effective writing assignments to boost student achievement in the content areas. You don't have to be a writing instructor or English teacher to use writing in the classroom. Writing for Understanding focuses on using writing as an essential instructional tool to deepen and expand student understanding in the content areas. Written specifically for non-language arts teachers, this book debunks myths about using writing in the classroom and offers practical approaches for the upper elementary grades through high school. Writing activates higher level thinking skills and engages students in concepts and content. Through sample writing prompts and classroom dialogues, Donovan R. Walling shows you how to create writing lessons that guide students in using narrative, descriptive, expository, persuasive and argumentative writing. Are adaptable to various subjects and disciplines. Require students to process content using critical thinking skills. This valuable resource helps teachers in any subject incorporate writing as a tool of effective instruction.

Reconceiving Writing, Rethinking Writing Instruction Joseph Petraglia, 2013-11-05 To a degree unknown in practically any other discipline the pedagogical space afforded composition is the institutional engine that makes possible all other theoretical and research efforts in the field of rhetoric and writing But composition has recently come under attack from many within the field as fundamentally misguided Some of these critics have been labelled New Abolitionists for their insistence that compulsory first year writing should be abandoned Not limiting itself to first year writing courses this book extends and modifies calls for abolition by taking a closer look at current theoretical and empirical understandings of what contributors call general writing skills instruction GWSI the curriculum which an overwhelming majority of writing instructors is paid to teach that practically every composition textbook is written to support and the instruction for which English departments are given resources to deliver The vulnerability of GWSI is hardly a secret among writing professionals and its intellectual fragility has been felt for years and manifested in several ways in persistently low status of composition as a study both within and outside of English departments in professional journal articles and conference presentations that are growing both in theoretical sophistication and irrelevance to the composition classroom and in the rhetoric and writing field's ever increasing attention to nontraditional sites of writing behavior But to date there has been relatively little concerted discussion within the writing field that focuses specifically on the fundamentally awkward relationship of writing theory and writing instruction This volume is the first to explicitly focus on the gap in the theory and practice that has emerged as a result of the field's growing professionalization The essays anthologized offer critiques of GWSI in light of the discipline's growing understanding of the contexts for writing and their rhetorical nature Writing from a wide range of cognitivist critical
