Lainsbury, 2004-02-24 Raymond Carver's fiction is widely known for its careful documentation of lower middle class North America in the 1970s and 80s Building upon the realist understanding of Carver's work Raymond Carver's Chronotope uses a central concept of Bakhtin's novelistics to formulate a new context for understanding the celebrated author's minimalist fiction G P Lainsbury describes the critical reception of Carver's work and stakes out his own intellectual and imaginative territory by arguing that Carver's fiction can be understood as diffuse fragmentary and randomly ordered Offering a fresh analysis of Carver's body of work this book offers an extensive meditation on this major figure in postmodern U S fiction Leading with the Chin Brad Congdon, 2018-11-23 Leading with the Chin focuses on the Esquire writings of James Baldwin Truman Capote Raymond Carver Don DeLillo Norman Mailer and Tim O'Brien to examine how these authors negotiated important shifts in American masculinity Using the works of these six

authors as case studies Leading with the Chin argues that Esquire permitted writers to confront national fantasies of American masculinity as they were impacted by the rise of neoliberalism civil rights and gay rights and the cultural dominance of the professional managerial class Applying the methodologies of periodical studies and the theoretical concerns of masculinity studies this book recontextualizes the prose and fiction of these authors by analyzing them in the material context of the magazine Relating each author's articulation of masculinity to the advertisements editorials and articles published in each issue Leading with the Chin shows that Esquire reflected and helped to shape the forces that structured American masculinity in the twentieth century

Psychoanalytic Perspectives on Women and Power in Contemporary Fiction Rossella Valdrè, 2017-07-14 Psychoanalytic Perspectives on Women and Power in Contemporary Fiction psychoanalytically examines contemporary fiction portraying the female in a reversal of the stereotyped victim role The recent popularity of powerful female characters suggests that literature is ahead in its understanding the desires fantasies and unconscious emotions of the public This book explores a form of intimacy frequently observed in consulting rooms and in life in general malicious intimacy Specific to the conjugal bond it is a type of intimacy connected to the relationship between the two halves of the couple that is extremely powerful and painful Instead of clinical cases Rossella Valdrè examines four contemporary and widely successful novels published contemporaneously which capture perfectly this type of psychopathological universe Valdrè then maps out psychoanalytic hypotheses regarding the persistency of these malicious intimacies Through analysis of these examples Valdrè investigates the roots and hypotheses of a new scenario on victim executioner roles played out in the intimacy of the couple Exploring how and if the contemporary couple is undergoing profound changes she provides an overview of the various deep seated psychological mechanisms and unconscious dynamics that may be at work The book explores the need to not be dependant upon a love object as an extreme defence against abandonment or self collapse Valdrè argues that such a configuration is very common and that Idealization in contemporary life is one of the reasons behind the most of sufferance in modern couples something which psychoanalysis can examine through art Women perhaps after emancipation are living overturned roles and paying a higher cost as a result Psychoanalytic Perspectives on Women and Power in Contemporary Fiction will appeal to psychoanalysts and psychoanalytic psychotherapists and be of interest to scholars and students of literature gender studies philosophy and sociology

Raymond Carver Carol Sklenicka, 2009-11-24 The first biography of America's best known short story writer of the late twentieth century The London Times called Raymond Carver the American Chekhov The beloved mischievous but more modest short story writer and poet thought of himself as a lucky man whose renunciation of alcohol allowed him to live ten years longer than he or anyone expected In that last decade Carver became the leading figure in a resurgence of the short story Readers embraced his precise sad often funny and poignant tales of ordinary people and their troubles poverty drunkenness embittered marriages difficulties brought on by neglect rather than intent Since Carver died in 1988 at age fifty

his legacy has been mythologized by admirers and tainted by controversy over a zealous editor's shaping of his first two story collections Carol Sklenicka penetrates the myths and controversies Her decade long search of archives across the United States and her extensive interviews with Carver's relatives friends and colleagues have enabled her to write the definitive story of the iconic literary figure Laced with the voices of people who knew Carver intimately her biography offers a fresh appreciation of his work and an unbiased vivid portrait of the writer

The Art of Editing Tim Groenland, 2019-02-21 The place of the editor in literary production is an ambiguous and often invisible one requiring close attention to publishing history and often inaccessible archival resources to bring it into focus In *The Art of Editing* Tim Groenland shows that the critical tendency to overlook the activities of editors and to focus on the solitary author figure neglects important elements of how literary works are acquired developed and disseminated Focusing on selected works of fiction by Raymond Carver and David Foster Wallace authors who represent stylistic touchstones for US fiction of recent decades Groenland presents two case studies of editorial collaboration Carver's early stories were integral to the emergence of the Minimalist movement in the 1980s while Wallace's novels marked a generational shift towards a more expansive maximal mode of narrative The role of their respective editors however is often overlooked Gordon Lish's part in shaping the form of Carver's early stories remains under explored analyses of Wallace's fiction meanwhile tend to minimise Michael Pietsch's role from the creation of *Infinite Jest* during the mid 1990s until the present day Drawing on extensive archival research as well as interviews with editors and collaborators Groenland illuminates the complex and often conflicting forms of agency involved in the genesis of these influential works The energies and tensions of the editing process emerge as essential factors in the creation of fictions more commonly understood within the paradigm of solitary authorship The mediating role of the editor is Groenland argues inseparable from the development form and reception of these works

Masculinity and Place in American Literature since 1950 Vidya Ravi, 2019-05-15 American literature has long celebrated the figure of the self made man and the idea of establishing selfhood particularly male selfhood in nature However during the crisis of masculinity that swept across America in the middle of the twentieth century a generation of writers started exploring a different kind of a man This was a figure who was concerned not so much with the loss of the West or the desire to recover a wilderness but with how to live in an ordinary domesticated continent *Masculinity and Place in American Literature since 1950* explores the role of place in negotiating reinforcing and subverting articulations of hegemonic masculinity in the work of four American writers from the latter part of the 20th century John Cheever John Updike Raymond Carver and Richard Ford The book argues that American fiction by white male writers between the 1950s and the present day is compelled by the troubled and troubling relationship between masculinity and place This relationship is deeply embedded in how ideals of masculinity are predicated upon the experience of the physical world and how the symbolic logic of masculinity is continually subverted by alternative conceptions of dwelling and ecological consciousness
