Police Selection and Training J.C. Yuille,2012-12-06 The New Police Officer During the past twenty years the tasks required of police officers have expanded and changed with dramatic

rapidly The traditional roles of the police had been those of law enforcement and the maintenance of public order As a consequence police officers were typically large bodied males selected for their physical abilities and trained to accept orders and enforce the law Over the past two decades however the industrialized nations have placed a variety of new demands on police officers To traditional law enforcement and public order tasks have been added social work mental health duties and community relations work For example domestic disputes violence between husbands and wives lovers relatives etc have increased in frequency and severity or at least there has been a dramatic increase in reporting the occurrence of domestic violence Our societies have no formal system to deal with domestic disputes and the responsibility to do so in most countries has fallen to the police In fact in some areas as many as 60% of calls for service to the police are related to domestic disputes see the chapter in this text by Dutton As a result the police officer has had to become a skilled social worker able to intervene with sensitivity in domestic situations Alternatively in the case of West Germany the officer has had to learn to work cooperatively with social workers see the chapter by Steinhilper

Sex Work Colette Parent, Chris Bruckert, Patrice Corriveau, Maria Nengeh Mensah, Louise Toupin, 2013-09-18 In the early twentieth century abolitionists sought to stamp out sex work by penalizing all involved In the generation that followed neo abolitionists looked at the sex industry from a feminist perspective claiming that workers were victims caught in a patriarchal matrix Yet both agreed that sex work was a destructive and corrupting force that should be eliminated In this lucid and fearless volume five academics and activists convey their vision of prostitution as work albeit stigmatized and marginalized labour In chapters that consider the nature of sex work the legal framework that seeks to control the sex industry the historical debates over its existence the spectre of human trafficking and community based activism from within the industry the authors assert the central place of sex workers in discussions about their lives and work This book opposes discourses that position sex workers as victims without agency
