I Love Reading! BABY PROFESSOR., Baby Professor, 2015-05-10 Reading is a basic skill that will open up a whole array of opportunities for a child Encourage a child to read by removing the boring factor and introducing a whole lot of fun elements The inclusion of colors and images in a writing workbook encourages learning If it s fun children will be encouraged to get more practice done Grab a copy today **READ by PICTURE. Simple Stories** Helen Winter, 2019-12-07 We offer the easiest way to make reading books with children a pleasure even for those children who listen to reading reluctantly With the usual type of reading a child is a passive listener while with reading by picture he or she becomes an active participant Even if children can already read they are happy to read texts where some of the words are replaced by pictures and perceive it as a bonus or a prize It is more important to receive such bonuses for children who are just starting to read or for whom reading still requires effort A small child can only voice words represented by pictures This reading not only makes kids a full participant in the process but also teaches them to reconcile the words of the picture with other words in the sentence Older children may try to read words from a vocabulary list that appears before the text A child who has begun to read will be able to enjoy reading the entire text If you are reading to your little one please read slowly Let your child think about the sentence find the right word and enjoy the reading process Some words in this book are changed to pictures Each story has a pictured vocabulary list at the beginning Includes 7 simple stories understandable and relatable for kids Great book for non English speaking children to learn and remember new words in a fun game based reading activity

The Failure Free Reading Methodology: New Hope for Non-Readers Joseph Lockavitch, 2008-02 8 Million students in grades 4-12 cannot comprehend grade level reading material 440 Thousand students sitting in American classrooms K-12 have a total reading vocabulary of less than fifty words 3 Thousand students drop out of school each day 40 Percent of African American and Latino students will not graduate on time or with a regular high school diploma 25 Times the likelihood that non readers and high school students testing below the twentieth percentile will drop out of school Every day students across the country are being labeled and put into special programs The gap between those students and their peers reading at grade level simply continues to grow until the gap seems too large to overcome Often these students begin acting out in class because they have learned that it is better to go one on one with the principal versus being embarrassed and frustrated in front of their peers It is not the fault of the student teacher or parent We must stop looking for the reason to justify the failure and find a way to overcome it Simply labeling students Dyslexic Learning Disabled and Autistic will not offer them a reading solution These students do not need remediation they need an accelerated compensatory approach to mastering language and reading skills Dr Joe Lockavitch has been in the trenches with non readers their families and their

teachers for over thirty years Students in the bottom reading percentiles 0 15th % are slipping through the cracks right before our eyes Based on his experiences in the classroom with non readers Dr Lockavitch former college professor school psychologist special education director researched and developed a new reading methodology targeting non readers of all ages Highly structured repetitious and non phonic The Failure Free Reading Methodology is an accelerated language program designed to give students parents and teachers the hope and the results they deserve Dr Lockavitch has seen it all Throughout his career he has given reading demonstrations in places that have ranged from the heart of the Mississippi Delta inner city schools in Detroit and Chicago maximum security prisons in South Carolina and after school programs in Los Angeles California He will only do a demonstration under one condition and make only one claim I ll only work with your worst students If you don t see immediate improvement in their reading ability within 30 minutes I ll walk out the door He hasn t walked out yet Dr Joseph F Lockavitch a former classroom teacher school psychologist university professor special education director and applied researcher is the author and developer of The Failure Free Reading Program Don t Close the Book on Your Not Yet Readers Joseph s Readers Talking Software for Non Readers Verbal Master An Accelerated Vocabulary Program and The Test of Lateral Awareness and Directionality Dr Lockavitch is also the author of numerous published research articles Dr Lockavitch has spent the past thirty years training thousands of teachers parents and administrators across the nation on how to meet the unique needs of America s non readers Featured on the PBS NewsHour with Jim Lehrer and mentioned on national radio shows such as Tom Joyner Dr Laura Mike Gallagher and Michael Medved Dr Lockavitch holds a Doctorate of Education from Boston University and a Master of Science in Special Education from Southern Connecticut State In addition Failure Free Reading is one of the nation s most approved Supplemental Educational Service providers directly serving over ten thousand students and clocking close to three hundred thousand tutoring hours
