**Atomic Industry Reporter**, 1959 A Marine's Odyssey Larry Ritchie Williams, 2017-11-23 Colonel Larry Williams spent twenty-seven years in the United States Marine Corps, commanding ten units and organizations while serving from Japan and Vietnam to Moscow and Beirut. Here is his account. It started by a chance discovery, and years later was dramatically reoriented by a coin toss. As the high school class of 1953 anticipated graduation, they chatted in the hallways, exchanging ideas about future plans. His afternoon and Saturday jobs during high school did not provide enough money for college. One day, while changing classes, he observed a booklet on his homeroom teacher's desk that described the NROTC as how one might earn a commission in the United States Navy and even compete for a college scholarship. It contained an application. Upon graduation from the University of North

Carolina at Chapel Hill four years later he was commissioned a second lieutenant in the Marine Corps preparing to serve the obligated four years payback for his free education It seemed like a good plan but life often has little respect for planning Within three years he was on Okinawa separated from his wife and their two newborns for a thirteen month deployment On his return he joined the faculty at the Army Artillery and Missile School Then it was another thirteen months away this time in Vietnam Reassigned to Frankfurt Germany he commanded Marine Security Guards in twenty seven diplomatic posts in Europe including six behind the Iron Curtain Upon graduation from the Armed Forces Staff College in Norfolk he and a classmate were informed by Headquarters Marine Corps that they both were to be reassigned to WestPac western pacific for a year with one going to Okinawa and the other to Vietnam Headquarters asked for their preferences Both wanted to return to Vietnam He lost the coin toss and it was back to Okinawa That coin toss was to significantly restructure his career and his life The subsequent years included managing the security at the Naval Air Station Alameda California made turbulent by the prevailing civil rights and antiwar environment contributing to the Marine Corps becoming the only military service to support every dollar spent with explicit cost benefit analysis in spite of opposition by the Army and the DoD fielding a totally new light armor combat capability into the Marine Corps with an innovative acquisition program completing within budget and only 2 25 years from concept to production conducting Arctic exercises in North Norway including a night amphibious landing unseen by Russians just a mountain range away in Murmansk commanding the largest artillery organization in the world and trying unsuccessfully to contribute to a peaceful resolution to conflict in Lebanon in 1983
