Effective Police Supervision Study Guide Chris Rush Burkey, Larry S. Miller, Michael C. Braswell, 2017-03-16 Good police officers are often promoted to supervisory positions with little or none of the training it takes to be a good manager. An understanding of group behaviors and organizational dynamics is necessary to grasp the fundamentals of managing police officers. The Effective Police Supervision Study Guide coordinates with the core text used in many college level classes and police departments to teach supervisory practices in criminal justice. This study guide prepares both students and professionals for academic or promotional exams offering them an opportunity to fully review the material so that they are well prepared for testing. This new edition like the new edition of the textbook it accompanies includes information on the following topics: police accountability, police involvement with news media, the challenges of dealing with social media updates on legal considerations and ways to avoid another controversy like Ferguson, Dallas or Baltimore. *Effective Police Supervision Study Guide* Larry S. The Effective Police Supervision Study Guide which includes quizzes and other study tools gives students as well as professionals training for promotional exams a way to review the material and be fully prepared for examinations and the world of police supervision. This new edition like the new edition of the textbook it accompanies includes information on the following topics: police accountability, police involvement with news media, dealing with social media updates on legal considerations and avoiding scandals. *A Study Guide for Basic Handbook of Police Supervision* Gerald W. Garner, 2025-06-24 This comprehensive study guide is intended to be a companion for the second edition of Basic Handbook of Police Supervision. It was developed to help readers and students test their knowledge of the contents of the sixteen chapter text. It was also designed to help the promotional students prepare for an examination based on the book. At the beginning of each chapter a summary of the contents is provided for each of this guide's sixteen chapters. The summary is followed by a series of questions designed to test and reinforce the reader's knowledge and understanding of the chapter. Each guide's question is in multiple choice format where the reader chooses the best answer for each question. The answers for each section follow at the end of each chapter along with the corresponding page numbers from the text where the subject is discussed. This is exceptionally useful as an additional learning tool. If used along with the book the guide should increase the reader's comprehension and retention of the material found in the text. In addition this study guide can also be an invaluable teaching instrument for instructors.
