emphasis on skills standards and knowledge Training for police officers and civilian staff working in policing is being significantly upgraded At the same time it has become more rigorous with universities and other higher educational institutions playing an increasingly important part in police training as well as expanding the range of policing courses for undergraduate and postgraduate students Key features approximately 300 entries of between 500 and 1500 words on key terms and concepts arranged alphabetically designed to meet the needs of both students and practitioners entries include summary definition main text and key texts and sources takes full account of emerging occupational and Skills for Justice criteria edited by the UK's leading academic expert on policing and the Chief Executive of the National Policing Improvement Agency Entries contributed by leading academic and practitioners in policing *Police Science* John DeCarlo, 2021-12-17

Police Science Key Readings provides students with a collection of carefully curated articles that present a broad overview of the academic study of the field The readings equip students with the knowledge they need to become consumers of information on policing and prepare them to make informed decisions on police policy and operational efficiency The book is organized into four units which address the overarching concepts of policing history the criminology of policing police and education and public policy and policing Individual topics addressed include the evolution of contemporary policing crime prevention through environmental design new perspectives on police education and training factors affecting the supply of police recruits the militarization of American police and more Each unit includes an introduction pre reading questions and post reading questions to support the student learning experience and inspire critical thought A highly timely and relevant resource *Police Science* is an exemplary textbook for courses in law enforcement policing and criminal justice **An Introduction to American Policing** Dennis J. Stevens, 2017-05-08 *An Introduction to American Policing* Second Edition connects the US criminal justice system criminology and law enforcement knowledge to the progress of the police community It is the perfect resource for a *Police Science* course **The Handbook of Knowledge-Based Policing** Tom Williamson, 2008-04-30 Recent trends within community policing suggest that the next generation of community policing will be more knowledge based involving a shift toward a problem oriented and strategic use of information as a basis for management and better use of police resources *The Handbook of Knowledge Based Policing* examines how knowledge based policing can improve the effectiveness equity and efficiency of community policing With contributions from a mix of academics and practitioners this volume Critically evaluates the effectiveness of community policing in seven countries Discusses intelligence led policing and the emergence of knowledge based policing Examines the impact knowledge based policing will have on policing initiatives Discussions are set firmly within the context of current debates on risk and the risk society the broadening or narrowing of the police role the importance of networks and governance and regulation This comprehensive collection identifies the factors that will shape the next generation of Community Policing It is a must have resource for researchers and students of policing policy makers and police officers It will also be of interest to the growing

number of people actively involved in crime and disorder partnerships *Global Environment of Policing* Darren Palmer, Michael M. Berlin, Dilip K. Das, 2012-06-05 Police organizations across the globe are experiencing major changes. Many nations cope with funding constraints as pressures within their societies, terrorism and transnational crime and social and political transformations necessitate a more democratic form of policing. Drawn from the proceedings at the International Police Executive Symposium in Prague and other IPES projects, *Global Environment of Policing* is composed of case studies from more than fourteen countries and six continents. Divided into four sections, the book presents contributions from high level police executives, practitioners and academics. *Policing Crime Control and the Community* explores community policing in Latin America and the United States and describes the effectiveness of a zero tolerance policy in New York City. It also presents a historical case study of policing in Portugal. *Policing Politics and Democracy* examines challenges confronting developing countries, policing in Brazil, police accountability mechanisms in India and concerns regarding the democratization of policing. *Policing Global Challenges* considers a range of contemporary issues within the policing environment including policing cyberspace, police agencies striving for legitimacy, how law enforcement policies travel worldwide and the problems of organized crime and people smuggling. *Police Leadership Management Education and Organization* reflects on the growing issue of police reform. It discusses the infusion of private sector thinking into state police organizations, conflicts between police unions and management, training and models for police education and police accountability in Bangladesh. The final chapter draws conclusions about the research presented in the book and provides a window on future concerns. With insight from world leaders in academia and in the field, the book offers sage insight into the most critical issues facing contemporary police organizations.

Policing and Law Enforcement: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-05-01 This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear, from books, chapters and journal articles to online archives, electronic data sets and blogs.
