A. Nature and Appeal of Popular Literature

While "Popular Literature" was published and widely read in the 19th Century, by the 20th Century it had become a world unto itself. During the 20th Century, the growth of readership and genres in "Popular Literature" made "Literary" Literature seems like a small and exclusive "academic and scholarly" market. When we think about literature at all, we tend to think of the famous authors who were "literary" writers such as Hemingway and Faulkner - but average folks across the globe were buying and reading fiction in great numbers - and they didn't stick to the "classic" names.
