

Dear Parents,

Welcome to _____ class! I'm so excited to be the room parent this year and look forward to meeting you and working with you to ensure our children have a truly special school year.

There are many exciting opportunities coming up this year for each parent to be involved with. We would love and appreciate your help in any way possible, whether volunteering your time or sending requested supplies into the classroom. There are many ways to help both in our classroom and in the other areas of the school.

Below are some upcoming opportunities for you to get involved, save these dates!

Book Fair - date
Fall Festival - date
Holiday Fair - date
Winter Class Party - date
Valentine's Day Party - date
Teacher Appreciation Week - dates
Field Day - date
Talent Show - date
Last Day of School Party - date

This list is not all inclusive and we will send further information about upcoming events as we get closer. Thank you in advance for your help and support. Please fill out the information below and send back to the classroom with your child. Please do not hesitate to call or email me if you have any questions or suggestions. I look forward to an exciting and successful school year!

Thank you,

Magyar,2010-11-12 Recent years have witnessed a marked increase both in the number of children diagnosed with autism spectrum disorders ASDs and those placed alongside their typically developing peers in general education classrooms These events bring with them a plethora of challenges particularly in the areas of program design and educational practices *Developing and Evaluating Educational Programs for Students with Autism* offers systematic evidence based guidelines as well as tools checklists and other resources for creating effective learning environments for students across the autism spectrum and the grade span Planning development implementation and continuous evaluation are examined in detail in this practical volume which features An overview of the ASDs with an emphasis on effective educational practice In depth discussion of the ASD Program Development and Evaluation Protocol A staff training model for personnel working with students with ASD A detailed framework for student support teams and family school collaboration Specific guidelines for conducting needs assessments and student evaluations Case examples of applications of the protocol on the program school and regional levels *Developing and Evaluating Educational Programs for Students with Autism* is a uniquely rigorous and thorough reference benefiting school psychologists and special education professionals as well as those in allied educational and mental health fields including clinical child school and developmental psychologists psychiatrists and other professionals working with children with autism **Engage Every Family** Steven M. Constantino,2020-08-27 New and Improved Revisit Five Simple Principles and Engage With Every Family Why haven t we been more successful in engaging every family in the educational lives of their children Why do we still struggle with the notion of engaging every family as a conduit to improved student learning This book outlines a pathway and process to engage every family including those families that have been traditionally disengaged or disenfranchised Updates to this second edition include updated research to ensure a firmer foundation for each of its five simple principles as well as Reflections about implicit bias equitable learning outcomes and the role family engagement plays A deeper dive into the idea of family efficacy or empowering families to work alongside teachers for improved learning A nuanced switch from building to developing relationships and how trust is at the core of that subtle difference Join Dr Steve Constantino as he shares what he has learned and how he has improved the Five Simple Principles for family engagement and its powerful effects upon student achievement *The Example School Portfolio* Victoria Bernhardt,2014-06-23 This book presents a prototype school portfolio along with annotated explanations and

suggestions Although this book describes a hypothetical elementary school the data and examples come from real schools at which the authors worked and the recommendations can be applied to any level school engaged in systemic reform

The SEL Solution Jonathan C. Erwin, 2020-12-22 Inspiring and practical guide to create a safe and positive learning environment and help students master critical social and emotional skills The SEL Solution provides everything teachers need to create a safe and positive learning environment With dozens of fun and easy to do lessons and activities educators have a clear path to integrate SEL lessons into social studies and language arts curriculum as well as throughout the school day Additional sections for SEL directors and school leaders offer a blueprint for building a school wide community that helps students and staff master critical social and emotional skills like self awareness the ability to focus self control self regulation the ability to empathize active listening and cooperation engages everyone kids and adults in effective compassionate behavior management strategies increases student success For use by teachers counselors coaches principals and other educators the strategies in The SEL Solution provide a plan for engaging the whole school community in identifying celebrating and sustaining its positive values Digital content includes customizable forms from the book and a PDF presentation for professional development

Diamond Moms Candace Conradi, 2006 In this delightfully inspiring and engaging book Candace Conradi examines virtually every aspect of the world of baseball through a mother's eyes She provides first time insight and problem identification as well as what to do solutions to many factors that often cause frustration and failure at the ball park Ideal for parents and coaches of athletes from T Ball to college and beyond

The Bipolar Child (Third Edition) Demetri Papolos, M.D., Janice Papolos, 2007-10-02 Since it first appeared on bookshelves The Bipolar Child has made an indelible mark on the field of psychiatry and has become the resource that families rely upon Now with more than 200 000 copies sold the first book about early onset bipolar disorder is completely revised and expanded Bipolar disorder manic depression was once thought to be rare in children Now researchers are discovering not only that bipolar disorder can begin early in life but that it is much more common than ever imagined Yet the illness is often misdiagnosed and mistreated with medications that can exacerbate the symptoms Why Bipolar disorder manifests itself differently in children than in adults and in children there is an overlap of symptoms with other childhood psychiatric disorders As a result these kids may be labeled with any of a number of psychiatric conditions ADHD depression oppositional defiant disorder obsessive compulsive disorder or generalized anxiety disorder Too often they are treated with stimulants or antidepressants medications that can actually worsen the bipolar condition Since the publication of its first edition The Bipolar Child has helped many thousands of families get to the root cause of their children's behaviors and symptoms and find what they need to know The Papoloses comprehensively detail the diagnosis explain how to find good treatment and medications and advise parents about ways to advocate effectively for their children in school In this edition a greatly expanded education chapter describes all the changes in educational law due to the 2004 reauthorization of IDEA Individuals with Disabilities Education Act and offers a

multitude of ideas for parents and educators to help the children feel more comfortable in the academic environment The book also contains crucial information about hospitalization the importance of neuropsychological testing with a recommended battery of tests and the world of insurance Included in these pages is information on promising new drugs greater insight into the special concerns of teenagers and additional sections on the impact of the illness on the family In addition an entirely new chapter focuses on major advances taking place in the field of molecular genetics and offers hope that researchers will better understand the illness and develop more targeted and easier to tolerate medicines The Bipolar Child is rich with the voices of parents siblings and the children themselves opening up the long closed world of the families struggling with this condition This book has already proved to be an invaluable resource for parents whose children suffer from mood disorders as well as for the professionals who treat and educate them and this new edition is sure to continue to light the way

Learning Microbiology through Clinical Consultation Berenice Langdon,Aodhán Breathnach,2016-08-25 An understanding of microbiology is essential for both medical students and newly qualified doctors and is key knowledge for a working doctor Learning Microbiology through Clinical Consultation introduces the subject with a wealth of life like case scenarios each linked with the relevant microbiology Spanning 14 categories of infection the cases within the book allow the reader to listen in on clinical consultations with patients exhibiting an array of symptoms Each case then describes the examination and the specimen taking techniques The results of the samples taken in the story provide a clear link to the more technical information on microbiology which is then discussed The structure of the book is laid out for easy navigation and has clear case story headings to enable just in time learning between patients as well as just in case learning when preparing for exams Learning Microbiology through Clinical Consultation is a highly accessible text that describes the basic science of microbiology within the practice setting in an insightful and informative way The material is presented in an integrated fashion and is therefore an ideal text for medical students on a systems based or problem based course or for the newly qualified doctor looking to consolidate their knowledge
