greater need for mobile troops The cavalry problem was how to deal with a gap in the evolution of warfare between the mass armies of the later nineteenth century and the motorised firepower of the mid twentieth century an issue that is closely connected with the origins of the deadlock on the Western Front Tracing this debate this book shows how despite serious attempts to learn from history both European style wars and colonial wars produced ambiguous or disputed evidence as to the future of cavalry and doctrine was largely a matter of what appeared practical at the time **Furniture Manufacturer and Artisan** ,1925 Poseidōn a Link Between Semite, Hamite, and Aryan by Robert Brown, Jun.
