There have been warning signals for several years. Many churches face shrinking budgets and membership and are beginning to ask the right questions. The author's goal is to capture this teachable moment with a resource that will encourage pastors and church leaders to utilize tools already available to change the trajectory of their resourcing because nothing is more important than what God has called them to do. The banking and electronic giving industries have not made it easy for churches to understand their services or fees. This book will take the confusion and fear away and open churches to new possibilities.
