John

Doe

12/22/1990

First Name

Last Name

Date of Birth

Date/Time	Progress Note
10/04/2022 9:00 - 9:45am	John reported his feelings of anxiety have reduced in intensity, although he still feels "somewhat anxious pretty much all the time". Spent the session discussing anxiety coping mechanisms including how John can practice replacing anxiety triggers with calming thoughts. John presented neatly and was well groomed. He showed normal awareness of his presenting symptoms. No suicidal ideation present. Compliance with medication is good. Will continue with current treatment plan and weekly sessions.
10/11/2022 9:05 - 9:50am	Session focused on an event at work: John is struggling with feelings of low self-worth, saying he feels like he "isn't good at anything he does". Practiced replacing negative self-talk with positive self-talk. John's feelings of anxiety are associated with low self-esteem. Compliance with medication is good. Insight into anxiety is normal. John will focus on strengthening professional relationships with colleagues. Weekly sessions to continue.
10/18/2022 9:00 - 9:45am	John says he is "enjoying work a bit more". John attended a work event and said it made him feel "better about his relationships". John has demonstrated an improvement with his feelings of low self-esteem. Continue working on this area. John arrived to session promptly and was neatly dressed and well groomed. John's anxiety continues to decrease in intensity. Continue with current treatment plan.
10/25/2022 9:00 - 9:45am	John says he feels "better" but still can't "shake the anxiety feeling". Session focused on identifying causes of anxiety (apart from work). Anxiety may be associated with social relationships. John is struggling to find time to maintain his friendships. John will reach out to friends and organize a social event. Work anxiety has reduced significantly. John is showing improvement. Current treatment plan to continue.
11/01/2022 9:05 - 9:50am	John caught up with a friend and said he opened up about his work-related struggles, saying the conversation made him feel "so much better". John's anxiety at work continues to reduce. He practices replacing negative self-talk with positive self-talk and this appears to be improving his anxiety. Treatment plan will continue, but will reduce therapy sessions to once every fortnight. John will continue focusing on strengthening his relationships with friends, family members, and colleagues.

Sample Progress Notes For Mental Health Patients

Rachel S Tattersall

Sample Progress Notes For Mental Health Patients:

Mental Health and Psychiatric Nursing Janet L. Davies, Ellen Hastings Janosik, 1991 *Basic Concepts of Psychiatric-mental Health Nursing* Louise Rebraca Shives, 2007 This seventh edition includes new chapters and maintains popular features from previous editions such as self awareness prompts while adding research boxes and student worksheets at the end of each chapter

Writing and Reading Mental Health Records J. Frederick Reynolds, David C. Mair, Pamela C. Fischer, 2013-12-02 This revised and updated second edition is a rhetorical analysis of written communication in the mental health community As such it contributes to the growing body of research being done in rhetoric and composition studies on the nature of writing and reading in highly specialized professional discourse communities Many compelling questions answered in this volume include What ideological biases are reflected in the language the nurse rhetorician uses to talk to and talk about the patient How does language figure into the process of constructing meaning in this context What social interactions with the patient with other nurses with physicians influence the nurse s attempt to construct meaning in this context How do the readers of assessment construct their own meanings of the assessment Based on an ongoing collaboration between composition studies specialists and mental health practitioners this book presents research of value not only to writing scholars and teachers but also to professional clinicians their teachers and those who read mental health records in order to make critically important decisions It can also be valuable as a model for other scholars to follow when conducting similar long range studies of other writing intensive professions

Handbook of Correctional Mental Health Charles L. Scott, 2009-10-06 Clinicians who work on the frontlines of correctional mental health know that the challenges are only increasing Not only is the proportion of inmates with mental disorders growing at a rate that exceeds that of the correctional population as a whole but this group is expanding at both ends of the aging continuum so that increasing numbers of both geriatric and juvenile offenders require assessment and treatment Changing patient demographics and evolving treatment modalities make it essential that psychiatrists psychologists social workers nurses and other professionals who serve the prison population have access to the most practical up to date and comprehensive resource *Handbook of Correctional Mental Health* now in an expanded second edition is that resource This book addresses key concepts to ensure that the reader meets the current standard of care for inmates through all phases of the criminal justice system In 20 state of the art chapters nationally recognized providers and correctional mental health experts address the most pressing issues facing clinicians Unique to this edition the *Handbook* Summarizes the literature regarding unique populations observed in a correctional environment thereby assisting the provider in tailoring treatment to various target populations Provides a clear overview of both malpractice law and the concept of deliberate indifference that aids the reader in understanding the legal requirements for providing care and minimizing risks of lawsuits Educates clinicians on how to differentiate feigned versus legitimate mental health symptoms and how to understand and interpret inmate motivations for psychiatric malingering

Discusses important administrative aspects regarding documentation issues quality assurance and practicing under a consent decree Provides useful tables throughout the text with key summary points emphasized Includes five new clinically focused chapters on the assessment and treatment of inmates with substance use disorders geriatric offenders juvenile offenders inmates with self injurious behaviors offenders who have experienced various traumas during their lives and inmates housed on maximum security units and death row Other titles in the field are either out of date or limited in scope By contrast this new edition of Handbook of Correctional Mental Health includes everything mental health professionals need to provide the highest standard of care to this growing and complex patient population The Clinical Documentation

Sourcebook Donald E. Wiger,2010-02-02 All the forms handouts and records mental health professionals need to meet documentation requirements fully revised and updated The paperwork required when providing mental health services continues to mount Keeping records for managed care reimbursement accreditation agencies protection in the event of lawsuits and to help streamline patient care in solo and group practices inpatient facilities and hospitals has become increasingly important Now fully updated and revised the Fourth Edition of The Clinical Documentation Sourcebook provides you with a full range of forms checklists and clinical records essential for effectively and efficiently managing and protecting your practice The Fourth Edition offers Seventy two ready to copy forms appropriate for use with a broad range of clients including children couples and families Updated coverage for HIPAA compliance reflecting the latest The Joint Commission TJC and CARF regulations A new chapter covering the most current format on screening information for referral sources Increased coverage of clinical outcomes to support the latest advancements in evidence based treatment A CD ROM with all the ready to copy forms in Microsoft Word format allowing for customization to suit a variety of practices From intake to diagnosis and treatment through discharge and outcome assessment The Clinical Documentation Sourcebook Fourth Edition offers sample forms for every stage of the treatment process Greatly expanded from the Third Edition the book now includes twenty six fully completed forms illustrating the proper way to fill them out Note CD ROM DVD and other supplementary materials are not included as part of eBook file **Writing Patient/Client Notes** Ginge Kettenbach,Sarah Lynn

Schlomer,Jill Fitzgerald,2016-05-11 Develop all of the skills you need to write clear concise and defensible patient client care notes using a variety of tools including SOAP notes This is the ideal resource for any health care professional needing to learn or improve their skills with simple straight forward explanations of the hows and whys of documentation It also keeps pace with the changes in Physical Therapy practice today emphasizing the Patient Client Management and WHO s ICF model

the documentation process *Documentation for Physical Therapist Practice: A Clinical Decision Making Approach*
Jacqueline A. Osborne, 2015-08-03 *Documentation for Physical Therapist Practice: A Clinical Decision Making Approach*
provides the framework for successful documentation. It is synchronous with Medicare standards as well as the American Physical Therapy Association's recommendations for defensible documentation. It identifies documentation basics which can be readily applied to a broad spectrum of documentation formats including paper-based and electronic systems. This key resource skillfully explains how to document the interpretation of examination findings so that the medical record accurately reflects the evidence. In addition, the results of consultation with legal experts who specialize in physical therapy claims denials will be shared to provide current meaningful documentation instruction. *Schizophrenia Bulletin*, 2010

Varcarolis' Foundations of Psychiatric-Mental Health Nursing - E-Book Margaret Jordan Halter, 2021-07-08
Selected for Doody's Core Titles 2024 with Essential Purchase designation in Psychiatric. Prepare for psychiatric nursing care with this comprehensive evidence-based text. Varcarolis' Foundations of Psychiatric Mental Health Nursing: A Clinical Approach, 9th Edition, makes it easy to understand the complexities of psychiatric disorders and how to provide quality mental and behavioral health care. Clinical chapters follow the nursing process framework and progress from theory to application, preparing you for practice with real-world examples. Other notable features include illustrated explanations of the neurobiology of disorders, DSM-5 criteria for major disorders, and nursing care plans. From clinical nurse specialist and lead author Dr. Margaret Jordan Halter, this bestselling text includes new Next Generation NCLEX content to prepare you for success on your PMHN certification exam. Case Study and Nursing Care Plan boxes include real-life vignettes of patients with specific psychiatric disorders. Evidence-Based Practice boxes describe recent research studies and how their findings affect nursing practice. Six-step nursing process is followed in clinical chapters, providing consistent guidelines for comprehensive assessment and intervention. Learning features include key terms and concepts, key points to remember, critical thinking, and chapter reviews. Conversational, mentor-like writing style reinforces important information and helps in applying textbook content to the clinical setting. Coverage of therapeutic communication techniques and nontherapeutic communication provides tips to help you build patient interaction skills. Assessment Guidelines summarize the steps of patient assessment for various disorders. Considering Culture boxes discuss the importance of person-centered care in providing competent care to diverse populations in various clinical situations. Patient and Family Teaching boxes focus on the nurse's role in helping patients and families understand psychiatric disorders, treatments, complications, and medication side effects.
