Why??

Today, when the popular nomenclature for the younger generation is Gismo Kids, Granny's Courtyard tend to blow a whiff of fresh air into robotic lives, where young minds are exposed to vibrant and rustic yet exclusive arts of India. From making scarecrows & thatched roof and water canal to learning the nuances of theatre, dance, music and pottery, it will be a totally unique experience for the young minds.

The focus is more on learning, on being one with nature, on amity and on most importantly on tracing back to the steps that was once laid in the sand by us but washed by the waves of technology and development that we see today.

Silent Inspiration for Camp Theme:

- Unique theme based Art Camp: Holistic and Fun Filled experiential learning
- **Build understanding and respect amongst** younger lot for older generation (their grandparents)
- Learning with **live projects** in folk and natural Setup
- Design a camp on **Indian Context and Culture**
- **Creative development** of the participants in their own innovative ways
- Ingrain the spirit of **teamwork and camaraderie** in young minds
- Get back the **smiles, screams, laughs and giggles** of fun for participants

Disrupting Secondary STEM Education Margery Gardner,2024-12-19 This volume brings into focus the pivotal educational years during adolescence when many learners are exposed to implicit and explicit messages that STEM is not a viable educational pathway for them Challenging this notion Disrupting Secondary STEM Education brings together a collective of critical educators who share what disruptive STEM teaching looks and feels like from an insider perspective as well as the ways they purposefully create curriculum to subvert existing structures that can confine learning Through disruptive STEM teaching a joy for learning is kindled as well as a sense of empowered criticality in students that can support their development as global citizens facing complex futures The collection shares stories across a spectrum of

educators from those beginning their teaching journey to those who've stood up against narrow curriculum and standardized testing for years in the capacity of both P 12 teachers and teacher educators The voices of these educators illustrate how the work of disruptive STEM teaching can be actualized within cohorts of future teachers achieved through early engagement with critical theories and generative field experiences that support and affirm a wide array of identities This book provides multiple theoretical and practical access points for the reader to understand the work of disruptive STEM teaching and offers a way forward for those interested in developing more critical curriculum in their own classrooms As such it will be important reading for postgraduate students and researchers in Social Justice Education and STEM Education as well as for in service educators
