Plan De Recrutement En Semaines Agrave Lusage Des Recruteurs Efficaces:

Outils et procédures de recrutement Herald Mpassi Diafouka,2022 Le recrutement est une technique qui détermine la performance organisationnelle et qui affecte directement la productivité et l'image de l'entreprise. Son succès dépend de l'efficacité des outils utilisés et des procédures mises en œuvre. Face à cet enjeu majeur, les recruteurs ont l'obligation d'adopter un bon processus pour assurer le succès de leur entreprise. Mettre en place un processus de recrutement est déterminant lorsque l'on veut recruter un futur collaborateur de manière pertinente et efficace. Un bon processus de recrutement doit contenir des étapes précises allant de la prise de connaissance du besoin en recrutement jusqu'à l'intégration du collaborateur en entreprise. Au-delà de l'étude théorique du recrutement de façon pratique, les recruteurs apprendront à identifier les postes, publier des offres d'emploi, valuer les candidats, mener des entretiens et intégrer les nouvelles recrues dans l'organisation.

Le processus de recrutement Bérangère Condomines,Émilie Hennequin,2014-10-01

Recrutement efficace Fadwa Kasmi Ks,2021-03-31 Les clés d'un recrutement efficaceLe recrutement d'un nouveau collaborateur intervient dans plusieurs optiques : il peut être déclenché pour conserver des compétences ou en obtenir de nouvelles, organiser et structurer le développement de l'entreprise, anticiper les besoins en compétences et le positionnement futur de l'entreprise. Les modalités relatives aux recrutements doivent être définies en accord avec la finalité de l'entreprise et les ressources dont elle dispose. Il convient de s'assurer en permanence de la transparence et du respect des dispositions tabulées de la cohérence avec les orientations et l'organisation de l'entreprise, de la définition de critères de sélection factuels en rapport avec les objectifs affectés au collaborateur. Pour garantir l'efficacité d'un recrutement, il convient de s'interroger sur un certain nombre de points. Le recrutement prévu est-il vraiment nécessaire ? Recruter est un acte majeur pour l'entreprise. Cela ne se décide pas sur un coup de tête. Il faut donc s'assurer que le recrutement est la bonne réponse aux problématiques identifiées. La première étape consiste donc à identifier les raisons du recrutement. Elles peuvent être variables et liées à l'évolution du marché, au cycle de vie d'un produit, à l'organisation, à l'activité de l'entreprise. Selon les raisons identifiées, il est possible que d'autres solutions alternatives puissent être mises en œuvre : en interne ou en externe, formation, reorganisation, externalisation. Le recrutement n'intervient qu'en dernier recours et se base sur des critères objectifs de rentabilité. L'entreprise est-elle attractive ? Une fois le recrutement décidé, il faut s'interroger sur l'attractivité de l'entreprise, indispensable au recrutement des meilleures compétences. Pourquoi des candidats souhaiteraient-ils intégrer l'entreprise ? L'entreprise se démarque-t-elle de ses concurrents ? L'entreprise se donne-t-elle les moyens de ses ambitions : politique salariale, niveau de recrutement, avantages sociaux, plan de carrière, etc. L'entreprise est-elle reconnue sur le marché en termes de notoriété, de produit, de technologie, d'image, etc. La politique RH est-elle cohérente avec la stratégie de l'entreprise ? Pour bien recruter, il faut avoir une politique RH structurée en lien avec les orientations stratégiques de l'entreprise et sa politique qualité. Cette politique RH doit s'inscrire dans une vision long terme et se décliner en objectifs courts et moyens termes. Le recrutement doit s'inscrire dans la Gestion
