An encyclopedia of the unnatural. The Foundation Operating clandestine and worldwide, the Foundation operates beyond jurisdiction, empowered and entrusted by every major national government with the task of containing anomalous objects, entities and phenomena. These anomalies pose a significant threat to global security by threatening either physical or psychological harm. Our mission is three fold. Secure: The Foundation secures anomalies with the goal of preventing them from falling into the hands of civilian or rival agencies through extensive observation and surveillance and by acting to intercept such anomalies at the earliest opportunity. Contain: The Foundation contains anomalies with the goal of preventing their influence or effects from spreading by either relocating, concealing or dismantling such anomalies or by suppressing or preventing public dissemination of knowledge thereof. Protect: The Foundation protects humanity from the effects of such anomalies as well as the anomalies themselves until such time that they are either fully understood or new theories of science can be devised based on their properties and behavior. About the ebook: This ebook is an offline edition of the second series of fictional documentation from the SCP Foundation Wiki. All illustrations, subsections and supporting documentation pages are included. All content is indexed and cross-referenced.
