Skiing Erwin A. Bauer, Peggy Bauer, 1979      *International Handbook of Mathematical Learning Difficulties* Annemarie Fritz, Vitor Geraldi Haase, Pekka Räsänen, 2019-01-30 This comprehensive volume provides teachers researchers and education professionals with cutting edge knowledge developed in the last decades by the educational behavioural and neurosciences integrating cognitive developmental and socioeconomic approaches to deal with the problems children face in learning mathematics The neurocognitive mechanisms and the cognitive processes underlying acquisition of arithmetic abilities and their significance for education have been the subject of intense research in the last few decades but the most part of this research has been conducted in non applied settings and there s still a deep discrepancy between the level of scientific knowledge and its implementation into actual educational settings Now it s time to bring the results from the laboratory to the classroom Apart from bringing the theoretical discussions to educational settings the volume presents a wide range of methods for early detection of children with risks in mathematics learning and strategies to develop effective interventions based on innovative cognitive test instruments It also provides insights to translate research knowledge into public policies in order to address socioeconomic issues And it does so from an international perspective dedicating a whole section to the cultural diversity of mathematics learning difficulties in different parts of the world All of this makes the *International Handbook of Mathematical Learning Difficulties* an essential tool for those involved in the daily struggle to prepare the future generations to succeed in the global knowledge society      **Lessons From The Arctic** Emily Tsui, Thomas S Axworthy, Sara French, 2020-08-06 *Lessons from the Arctic The Role of Regional Government in International Affairs* is a collection of articles written by twenty six leading and emerging scholars from across the circumpolar region Each author assesses and explores the processes of regional governance in the Arctic from an interdisciplinary perspective The topics include Indigenous internationalism paradiplomacy federalism global institution building and more      *Routledge Handbook of the Sociology of Higher Education* James E. Côté, 2016-06-03 This is the first handbook to cover the sociological approaches to higher education It is timely because of global expansions of mass higher educational systems especially as these systems come under scrutiny by a variety of stakeholders Questions are being raised about the value of traditional pedagogies along with calls for efficiency accountability and cost reduction but above all job training Within this neoliberal context each chapter examines different sociological aspects of and debates about educational institutions as status conferring organizations with myriad positional characteristics experiences and outcomes Many current debates concern the legitimacy of the statuses conferred including the continuing debate regarding the role of universities in legitimating social class reproduction as well as more recent concerns about standards in mass systems This handbook puts these issues and debates in focus in ways that will be of interest to a variety of stakeholders within academia as well as in policy circles
