**In-text Citation and Reference List examples based on the
2010 Publication Manual of the American Psychological Association, 6th ed.**

Examples are for print sources unless otherwise indicated.

For additional examples and more details consult the full APA manual kept at the Research Help Desk. Some disciplines may require other styles, so check with your instructor for a style recommendation. *

IN-TEXT CITATION is used to identify your source of information, whether quoted or paraphrased, within your paper. It is brief information, referring the reader to your reference list. Include the **author(s)** last name (unless it appears in the narrative) and the **date**. For quotations, include the **page number**, or for electronic (online) articles without page numbers, use a brief section title and paragraph number. Here are a few examples:

Quotations -- with pages: "Our culture is full of simpl-minded myths of blame" (Sher, 1994, p. 45).

— **online article, no pages:** “Empirical studies have found mixed results” (Golán & Kuchler, 2007, “Conclusions,” para. 4).

One author: OR	Pagels (1995) discussed ... (Pagels, 1995)	Two authors: OR	Juedes and Curry (1999) concluded... (Juedes & Curry, 1999)
--------------------------	---	---------------------------	--

Three to five authors – first citation: Smiler, Kay, and Harris (2008) examined the history...

- more references to the same source (first author followed by et al.): Smiller et al. (2008) found...

Six or more authors: The first author followed by et al for all citations. If there is more than one article with the same lead author, see the manual for directions.

Multiple works cited together: List alphabetically by first author.

Several studies (Balda, 1995; Kamil, 1988; Pepperberg & Funk, 1990)...

Personal Communications (e.g., e-mail, personal interviews): These are included for in-text citations, but are not included in the reference list because they are not recoverable.

... as described by R. Gerstner (personal communication, November 12, 2001).

Secondary Source (use sparingly): The secondary source, Claiborne, is the one included in the reference list.

Sheperis,R. J. Davis,2015-12-01 Online Counselor Education A Guide for Students is an all new guide for online students in counselor education programs Students in online environments face a number of challenges that could put them at a disadvantage unless they have a resource to help guide them through some of the confusing aspects of an online environment Such challenges include the lack of understanding surrounding graduate school performance expectations balancing graduate school and life the inability to connect with community members and local field agencies and various other aspects unique to an online environment This text from Carl J Sheperis and R J Davis will help students through these challenges and act as an invaluable resource The ESL Writer's Handbook, 2nd Ed. Janine Carlock,Maeve Eberhardt,Jaime Horst,Lionel Menasche,2017-12-20 The ESL Writer s Handbook is a reference work for ESL students who are taking college level courses Because its purpose is to provide help with the broad variety of writing questions students may have when working on school assignments the text focuses on English for Academic Purposes Unlike other handbooks on the market this book s sole purpose is to address the issues of second language learners The spiral bound Handbook

complements a student writer's dictionary thesaurus and grammar reference book. It would be suitable as a text for an advanced ESL writing course when used together with the companion Workbook 978 0 472 03726 1. The new edition features significant revisions to Sections 3 and 4 in particular; both APA and MLA style guides have been updated and new sample papers for each are included. The new edition includes new and revised exercises and many new samples of student writing. Like its predecessor, the 2nd Edition has these special features: The topic selection is based on ESL writers' needs as observed by the authors over many years. The coverage of topics is more complete than the limited amount usually provided for ESL writers in first language or L1 handbooks. The explanatory language is appropriate for ESL students in contrast to the more complex and idiomatic language of other English handbooks. Many of the examples of paragraphs, essays, research papers, and exercise sentences were written by ESL students to help users realize that they too can become effective writers.

instruction often focuses too much on what's right or what's wrong, hiding the true power of conventions: the creation of meaning, purpose, and effect. Instead of hammering high school students with the mistakes they should avoid, Jeff Anderson, Travis Leech, and Holly Durham suggest exploring grammar through the celebration of author's purpose and craft. In *Patterns of Power: Grades 9-12 Teaching Grammar Through Reading and Writing*, they invite you to create an environment in which writers thrive while studying and appreciating the beauty, effects, and meaning of grammar. Inside this book, teachers will find a comprehensive explanation of the brain-based *Patterns of Power* invitational process, as well as 35 standards-aligned lesson sets built around practical, engaging, inquiry-based methods that take deeper dives into grammar and craft than any worksheet, quiz, or editing exercise ever could. A variety of high-interest model texts from authentic and diverse sources, including excerpts from classic and current novels, memoirs, plays, graphic novels, poems, and media. Real-life classroom examples and tips with suggestions for scaffolding new learning and ideas for how to use the lessons in AP courses. Templates for extended application, easy-to-locate printables, and ready-to-go visuals. Additional Models for Further Study for extension opportunities in every lesson set. An entire chapter devoted to helping high school writers master citations in research. With hundreds of teach-tomorrow resources and implementation supports such as quick-reference guides, specific applications to reading instruction, and soundtrack suggestions to infuse the joy of music into grammar instruction. *Patterns of Power: Grades 9-12* gives you everything you need to inspire your high school writers to move beyond limitation and into the endless possibilities of what they can do as writers. The *Patterns of Power* series also includes *Patterns of Power: Grades 6-8 Inviting Adolescent Writers into the Conventions of Language*, *Patterns of Power: Grades 1-5 Inviting Young Writers into the Conventions of Language*, *Patterns of Wonder: Grades PreK-1 Inviting Emergent Writers to Play with the Conventions of Language*, and *Patterns of Power: en Espa ol: Grades 1-5 Inviting Bilingual Writers into the Conventions of Spanish*.
