Amy Tan, 2006-09-26 A rollicking adventure filled story packed with the human capacity for love USA Today A superbly executed good hearted farce that is part romance and part mystery With Tan's many talents on display it's her idiosyncratic wit and sly observations that make this book pure pleasure San Francisco Chronicle San Francisco art patron Bibi Chen has planned a journey of the senses along the famed Burma Road for eleven lucky friends But after her mysterious death Bibi watches aghast from her ghostly perch as the travelers veer off her itinerary and embark on a trail paved with cultural gaffes and tribal curses Buddhist illusions and romantic desires On Christmas morning the tourists cruise across a misty lake and disappear With picaresque characters and mesmerizing imagery Saving Fish from Drowning gives us a voice as idiosyncratic sharp and affectionate as the mothers of *The Joy Luck Club* Bibi is the observant eye of human nature the witness of good intentions and bad outcomes of desperate souls and those who wish to save them In the end Tan takes her readers to that place in their own heart where hope is found Amy Tan is among our great storytellers The New York Times Book Review Amy Tan has created an almost magical adventure that page by page becomes a metaphor for human relationships Isabel Allende With humor ruthlessness and wild imagination Tan has reaped a fantastic tale of human longings and of course their consequences Elle A book that's easy to read and hard to forget Newsweek **Bloom's how to Write about Amy Tan** Kim

Becnel, 2010 With the publication of her first novel *The Joy Luck Club* in 1989 Amy Tan was immediately recognized as a major contemporary novelist Her work has received a great deal of attention and acclaim from feminist critics for its focus on issues of matrilineage and the ultimate triumph over female victimization Her classic debut and the many novels that followed are unlocked and explored in this valuable resource which provides helpful suggestions for students writing about Amy Tan **Reading Amy Tan** Lan Dong, 2009-06-08 This essential discussion of Amy Tan's life and works is a necessity for high school students and an enriching supplement for book club members A tour de force in Asian American writing Amy Tan has created works that are essential to high school and undergraduate literature classes and are often book club selections Reading Amy Tan is a handy resource that offers both groups plot summaries of five of Tan's novels as well as character and thematic analysis The handbook also provides an overview of Tan's life and discusses how she emerged onto the scene as a

novelist Tan's typical themes including Asian American issues and mother daughter relationships are examined in relation to today's current events and pop culture Readers will also discover how and where they can find Tan on the Internet and how the media has received her works The What Do I Read Next chapter will help readers find other authors and works that deal with similar subjects This handbook is an indispensable tool for both high school and public libraries *Literature as Translation/Translation as Literature* Christopher Conti, James Gourley, 2014-03-17 Broadly conceived literature consists of aesthetic and cultural processes that can be thought of as forms of translation By the same token translation requires the sort of creative or interpretive understanding usually associated with literature Literature as Translation Translation as Literature explores a number of themes centred on this shared identity of literature and translation as creative acts of interpretation and understanding The metaphor or motif of translation is the touchstone of this volume which looks at how an expanded idea of translation sheds light not just on features of literary composition and reception but also on modes of intercultural communication at a time when the pressures of globalization threaten local cultures with extinction The theory of ethical translation that has emerged in this context which fosters the practice of preserving the foreignness of the text at the risk of its misunderstanding bears relevance beyond current debates about world literature to the framing of contemporary social issues by dominant discourses like medicine as one contributor's study of the growing autism rights movement reveals The systematizing imperatives of translation that forcibly assimilate the foreign to the familiar like the systematizing imperatives of globalization are resisted in acts of creative understanding in which the particular or different finds sanctuary The overlooked role that the foreign word plays in the discourses that constitute subjectivity and national culture comes to light across the variegated concerns of this volume Contributions range from case studies of the emancipatory role translation has played in various historical and cultural contexts to the study of specific literary works that understand their own aesthetic processes and the interpretive and communicative processes of meaning more generally as forms of translation Several contributors including the English translators of Roberto Bolaño and Hans Blumenberg were prompted in their reflections on the creative and interpretive process of translation by their own accomplished work as translators All are animated by the conviction that translation whether regarded as the creative act of understanding of one culture by another as the agent of political and social transformation as the source of new truths in foreign linguistic environments and not just the bearer of established ones or as the limit of conceptuality outlined in the silhouette of the untranslatable is a creative cultural force of the first importance *Companion to Literature* Abby H. Werlock, 2009 Praise for the previous edition Booklist RBB Twenty Best Bets for Student Researchers RUSA ALA Outstanding Reference Source useful Recommended for public libraries and undergraduates **Trading Fish, Saving Fish** Margaret A. Young, 2011-04-14 Numerous international legal regimes now seek to address the global depletion of fish stocks and increasingly their activities overlap The relevant laws were developed at different times by different groups of states They

are motivated by divergent economic approaches influenced by disparate non state actors and implemented by separate institutions such as the World Trade Organization and the United Nations Food and Agriculture Organization Margaret Young shows how these and other factors affect the interaction between regimes Her empirical and doctrinal analysis moves beyond the discussion of conflicting norms that has dominated the fragmentation debate Case studies include the negotiation of new rules on fisheries subsidies the restriction of trade in endangered marine species and the adjudication of fisheries import bans She explores how regimes should interact in fisheries governance and beyond to offer insights into the practice and legitimacy of regime interaction in international law

The Ghosts Within Janna Odabas, 2018-11-09

The ghost as a literary figure has been interpreted multiple times spiritually psychoanalytically sociologically or allegorically Following these approaches Janna Odabas understands ghosts in Asian American literature as self reflexive figures With identity politics at the core of the ghost concept Odabas emphasizes how ghosts critically renegotiate the notion of Asian America as heterogeneous and transnational and resist interpretation through a morally or politically preconceived approach to Asian American literature Responding to the tensions of the scholarly field Odabas argues that the literary works under scrutiny openly play with and rethink conceptions of ghosts as mere exotic ethnic ornamentation
