Chilton's Import Car Repair Manual, 1986 ,1985 **Chilton's Import Emission Diagnosis and Service Manual with Vacuum Circuits, [cars and Most Light Trucks].** ,1982 Fire and Rescue Service manual

Great Britain. Fire Service Inspectorate, 2007-03-07 Incidents involving rescue from road vehicles are dramatically increasing in frequency There are some 3500 deaths on the road each year with 35 000 serious injuries Modern motor vehicles are becoming safer for occupants due to advancement in technology so persons are more likely to survive high impact speeds but are also more likely to become entrapped The Fire and Rescue Service as the primary rescue service requires national guidance to ensure a similar standard of response anywhere in the UK This manual is designed to highlight current best practice with regard to vehicle rescue techniques and first responder trauma care Each chapter forms an independent reference source but the publication as a whole forms a complete guide Chapters cover vehicle design and construction dealing with incidents safety procedures operational procedures extrication equipment medical considerations and trauma care Integrated Personal Development System I P D S Appendices cover Highways Agency Fire and Rescue Service memorandum of understanding training and general information and emergency services personnel ESP aide mmoire The CD ROM Vehicle extrication techniques is a multi media guide to rescue tool handling and extrication techniques

Reducing the costs for procuring fire and rescue service

vehicles and specialist equipment Great Britain: National Audit Office,2010-07-23 Firebuy a specialist body established by the Department for Communities and Local Government to support procurement of kit by Fire and Rescue Services has cost nearly twice as much to set up and run as the total savings it claims to have delivered Without the power to make local Fire and Rescue Services use its national procurement contracts Firebuy has had to rely on persuasion Progress has therefore been slow with only five out of the 14 framework contracts it has set up being used by more than half Fire and Rescue Services to purchase equipment Most of the contracts allow suppliers to offer many variations of the same types of equipment allowing Fire and Rescue Services to procure expensive bespoke equipment and preventing suppliers offering lower prices through high volume orders The approach to measuring savings achieved by Firebuy is inadequate and the information that the estimated savings are based on is mostly unreliable The Department expected Firebuy to be self financing by its third year of operation 2008 09 but it is still heavily reliant on grants from the Department Firebuy is expensive to run with overheads between five per cent and 10 per cent higher than the industry norm The Department has not shown enough leadership direction or oversight of Firebuy to ensure it achieved its original objectives most of which were not monitored only 29 of 66 targets were monitored and many were not met
