of study **Wielding Words like Weapons** Ward Churchill, 2017-04-15 Wielding Words like Weapons is a collection of acclaimed American Indian Movement activist intellectual Ward Churchill's essays in indigenism selected from material written during the decade 1995-2005. It includes a range of formats from sharply framed book reviews and equally pointed polemics and op eds to more formal essays designed to reach both scholarly and popular audiences. The selection also represents the broad range of topics addressed in Churchill's scholarship including the fallacies of archeological and anthropological orthodoxy such as the insistence of cannibalologists that American Indians were traditionally man-eaters. Hollywood's cinematic degradations of native people, questions of American Indian identity, the historical and ongoing genocide of North America's native peoples, and the systematic distortion of the political and legal history of U.S. Indian relations. Less typical of Churchill's oeuvre are the essays commemorating Cherokee anthropologist Robert K. Thomas and Yankton Sioux legal scholar and theologian Vine Deloria Jr. More unusual still is his profoundly personal effort to come to grips with the life and death of his late wife Leah Renae Kelly, thereby illuminating in very human terms the grim and lasting effects of Canada's residential schools upon the country's indigenous peoples. A foreword by Seneca historian Barbara Alice Mann describes the sustained efforts by police and intelligence agencies as well as university administrators and other academic adversaries to discredit or otherwise neutralize both the man and his work. Also included are both the initial stream of consciousness version of Churchill's famous or notorious little Eichmann's opinion piece analyzing the causes of the attacks on 9/11 as well as the counterpart essay in which his argument was fully developed.

1 Samuel Susanne Scholz, 2025-11-18 Recent biblical studies especially feminist interpretations evince keen awareness of how the constitutive role of the contextual realities for example race class and gender of the texts but also of the interpreters themselves shapes our readings and the range of questions and insights they yield With critical awareness of these realities whole new vistas open up on the Bible and its world First Samuel presents a surprisingly fruitful test case for such interpretations shedding important light on this historical narrative and our reading of it in a world of ethnic geopolitical and gender turbulence In alignment with the insights of intersectional biblical hermeneutics Scholz's conceptual feminist approach to 1 Samuel advances five key thematic areas They include the geopolitics of land and gender the variously positioned male characters the depicted governance model of the monarchy the ethnonational stereotypes embedded in references to the male Philistines and the inscription and erasure of female characters as mothers wives daughters unnamed women and witch Most feminist biblical criticism has centered on female figures in the Bible or reconstructing the situations of women in that world This work is different It focuses on the convergence of gender relations geopolitics emerging nationalisms and archaeology and history both then and now in the world of the text and in the interpreter's own world Equally alert to the telling details and the unquestioned assumptions of our reading the result is a fully critical and radically self aware encounter with the text its context and its reverberations in our own day Scholz's strikingly insightful analysis sets a new standard for interpreting 1 Samuel and indeed for approaching biblical studies

Politics: Another Perspective Wilmer J. Leon

III Ph.D.,2016-08-31 Over the past 8 years there have been significant shifts in the American political landscape The election of Senator Barack Obama as America's 44th and first African American president signaled a giant leap forward in the American social cultural and political landscape It has taken America 219 years to reach this point Based upon Senator Obama's campaign promises many people looked forward to a more transparent and inclusive government Others saw this election as a signal of a new post racial America but America has always been a country in conflict As many basked in the comfort of Obama's historic election others feared its backlash History tells us that white supremacy dies hard in America and its proponents would not take America's victory lying down The bigoted rants of the Tea Party and the ultra right wing's obstructionist agenda have resulted in a political stalemate unlike any other in recent American history These reactionary politics coupled with the Democratic Party and Obama Administration's inability to articulate an effective counter narrative and employ effective countermeasures has left America in a political abyss Politics Another Perspective Analysis of Race War Ethics and the American Political Landscape in the Age of Obama is a collection of Op Ed's written by Wilmer J Leon III Ph D As a collection these writings provide cutting edge analysis of the various issues that influenced the American geopolitical landscape since 2006 and insight into the direction that the country is headed Wilmer Leon is one of the few Black prophetic voices in the age of Obama This book confirms this status courageous visionary and consistent Dr Cornel West Dr Wilmer Leon has assembled a collection that asks the right questions about race and democracy In an era when too many are silenced for fear of rocking the boat of the status quo Wilmer Leon has signaled his willingness to go out on a limb and speak truth to power Bravo Dr Julianne Malveaux Economist and Author Are We Better Off Race Obama and Public Policy

Yasuda,2015-09-16 There is much controversy over the development of new dams for hydropower where concerns for environmental protection and the livelihoods of local people may conflict with the goals of economic development This book analyses the opportunities and barriers that NGOs and civil society actors face when conducting advocacy campaigns against such developments Through a comparison of two NGO coalitions in Cambodia and Vietnam advocating against the Xayaburi hydropower dam on the Mekong River the book explores the intricate interactions of formal and informal rules and norms

and how they influence advocacy strategies A framework for analysis is proposed which serves as a tool for analysis by civil society actors The author generates fresh insights into the way in which opportunities and barriers are created for NGOs to influence state centric decision making processes The book also discusses Mekong riparian states negotiation process over the Xayaburi hydropower dam in detail providing an analysis of the Mekong River s governance under the 1995 Mekong Agreement The book concludes by suggesting ways to improve the engagement of civil society actors in the governance of transboundary rivers and development projects
