The Years of Living Wet John Huetter,2008-11 Some years ago having little or no money in my purse and nothing particular to keep me on shore I thought I would sail about a little and see the watery part of the world Ishmael Moby Dick by Herman Melville 1851 Has so little changed in 150 years Finding myself unattached and wandering in the international

technology arena I sold my Victorian era home built in 1900 by a sea captain four blocks from San Francisco Bay and went searching for a boat of my own After months I found a British built catamaran that met my long list of desired on board features floating in a creek of Chesapeake Bay near Annapolis There was snow on the ground when I first saw Quo Vadis Sea trials were sailed in gale force winds The boat was snug inside sailed flat and sure and soon became my new home One of its best features was its ability to take me places I d never been where I would meet characters I could not have imagined or made up One of them was an exciting woman We hooked up at a high school reunion our 40th Now I invite you to spend some time with a new if vintage skipper on this voyage of discovery The years go by quickly I promise you John Huetter Born into a military family John Huetter first sailed at age nine during long summers on the Mediterranean The boat was 12 ft long wooden with a single canvas sail and hemp rigging Nearly fifty years later he went sailing again this time on a cruising catamaran from the U S East Coast to the West Coast stopping by the Bahamas Caribbean South America en route to the Panama Canal Central America and Mexico In between the author played football and rowed crew in high school jumped for the USAF Academy Parachute Team designed computer control systems raced and tested off road motorcycles and started up alternate energy and technology R D companies He also had a long happy relationship and two wonderful children He s currently looking for that beach with clear warm water and the perfect surf break 11th National Computer Security Conference ,1988 *Catalog of Sears, Roebuck and Company* Sears, Roebuck and Company,1973 *Evidence-Based Surgery* Achilles Thoma,Sheila Sprague,Sophocles H. Voineskos,Charles H. Goldsmith,2019-03-25 The purpose of this book specifically is to teach surgeons academic or community surgical fellows and surgical residents regardless of the surgical specialty the skills to appraise what they read in the surgical literature Surgeons need to be able to understand what they read before applying the conclusions of a surgical article to their practice As most surgeons do not have the extra training in health research methodology understanding how the research was done how to interpret the results and finally deciding to apply them to the patient level is indeed a difficult task Chapters explain the methodological issues pertaining to the various study designs reported in the surgical literature Most chapters begin with a clinical scenario with uncertain course of action with which most surgeons are struggling Readers are taught how to search the literature for the best evidence that will answer the surgical problem under discussion An identified article that seems relevant to the problem you are investigating can be appraised by addressing 3 key questions 1 Is the study I am reading valid 2 What are the results of this study 3 Can I apply these results to my patients While the primary goal of Evidence Based Surgery is to teach surgeons how to appraise the surgical literature an added benefit is that the concepts explained here may help research minded surgeons produce higher quality research *Black Enterprise* ,2000-06 BLACK ENTERPRISE is the ultimate source for wealth creation for African American professionals entrepreneurs and corporate executives Every month BLACK ENTERPRISE delivers timely useful information on careers small business and personal finance *Backpacker* ,2007-12 Backpacker brings the outdoors
