Write to the Point Sam Leith, 2018-08-07. Good writers follow the rules. Great writers know the rules and follow their instincts. Finding the right words in the right order matters, whether you're a student embarking on an essay, a job applicant drafting your cover letter, an employee composing an email, even a hopeful lover writing a text. Do it wrong and you just might get an F, miss the interview, lose a client or spoil your chance at a second date. Do it right and the world is yours. In Write to the Point, accomplished author and literary critic Sam Leith kicks the age-old lists of dos and don'ts to the curb. Yes, he covers the nuts and bolts we need to be in complete command of: the language, grammar, punctuation, parts of speech and other subjects half-remembered from grade school. But more importantly, he charts a commonsense course between the Armies of Correctness and the Descriptivist Irregulars. For Leith, knowing not just the rules but also how and when to ignore them, developing an ear for what works best in context, is everything. In this master class, Leith teaches us a skill of paramount importance in this smartphone age, when we all carry a keyboard in our pockets: to write clearly and persuasively for any purpose, to write to the point.
