A History of the Office and Office Work Rob Harris, 2025-04-08 This book brings together the office and office working as an economic construct as a business function as a building type and as a mode of work It explores social and economic relations and it traces the evolution of work and the environment and equipment needed to support it over the last 400 years In so doing it helps to fill a void in popular understanding of the office The role of the office has been examined over the past three years in ways that it has never been examined before Whilst the existential crisis arising from COVID 19 has settled somewhat there remain big questions over the future of office workers and office real estate This book is a timely well researched and fascinating contribution to the debate Rob Harris explores how the nature of work has changed and continues to change placing the events surrounding COVID 19 into a longer term perspective and asking what is the future of the office Will it go through a radical reinvention How will office work evolve in the future Whither office buildings The book emphasises the continuum of change and that today s events are simply the latest stage of change rather than something entirely novel This book will be of interest to anyone with a stake in the built environment whether as an investor occupier owner manager or advisor It is equally accessible to those with a non technical background including students on courses such as economic history economics geography real estate and urban planning

Handbook on the Economics of the Media Robert G Picard, Steven S Wildman, 2015-02-27 Media industries and services present a complex set of challenges to economic analysis challenges made more difficult by the technological changes that have been transforming the media sector Research on the economics of media has made major advances

The Distributional Impact of Taxes and Transfers Gabriela Inchauste, Nora Lustig, 2017-09-19 The World Bank has partnered with the Commitment to Equity Institute at Tulane University to implement their diagnostic tool the Commitment to Equity CEQ Assessment designed to assess how taxation and public expenditures affect income inequality poverty and different economic groups The approach relies on

comprehensive fiscal incidence analysis which measures the contribution of each individual intervention to poverty and inequality reduction as well as the combined impact of taxes and social spending The CEQ Assessment provide an evidence base upon which alternative reform options can be analyzed The use of a common methodology makes the results comparable across countries This volume presents eight country studies that examine the distributional effects of individual programs and policy measures and the net effect of each country s mix of policies and programs These case studies were produced in the context of Bank policy dialogue and have since been used to propose alternative reform options EBOOK: Macroeconomics Rudiger Dornbusch, Stanley Fischer, Richard Startz, 2014-02-16 Dornbusch Fischer and Startz has been a long standing leading intermediate macroeconomic theory text since its introduction in 1978 This revision retains most of the text s traditional features including a middle of the road approach and very current research while updating and simplifying the exposition A balanced approach explains both the potential and limitations of economic policy Macroeconomics employs a model based approach to macroeconomic analysis and demonstrates how various models are connected with the goal of giving students the capacity to analyze current economic issues in the context of an economic frame of reference The only pre requisite continues to be principles of economics

State and Society in the Philippines Patricio N. Abinales, Donna J. Amoroso, 2017-07-06 This clear and nuanced introduction explores the Philippines ongoing and deeply charged dilemma of state society relations through a historical treatment of state formation and the corresponding conflicts and collaboration between government leaders and social forces Patricio N Abinales and Donna J Amoroso examine the long history of institutional weakness in the Philippines and the varied strategies the state has employed to overcome its structural fragility and strengthen its bond with society The authors argue that this process reflects the country s recurring dilemma on the one hand is the state s persistent inability to provide essential services guarantee peace and order and foster economic development on the other is the Filipinos equally enduring suspicions of a strong state To many citizens this powerfully evokes the repression of the 1970s and the 1980s that polarized society and cost thousands of lives in repression and resistance and billions of dollars in corruption setting the nation back years in economic development and profoundly undermining trust in government The book s historical sweep starts with the politics of the pre colonial era and continues through the first year of Rodrigo Duterte s controversial presidency

Central and East European Politics Zsuzsa Csergo, Daina S. Eglitis, Paula M. Pickering, 2021-06-22 Now in a fully revised and updated edition this essential text provides a comprehensive introduction to Central and Eastern Europe including the Baltics and Ukraine Broad but nuanced it offers a reader friendly overview of the globally and regionally significant changes and challenges the region faces Divided into two parts the book first presents thematic chapters on key issues including nationalism and challenges to democratic institutions and practices the contentious politics of memory debates over demography and migration in a region with a shrinking population and Russian efforts to retain regional influence through hard and soft power The case study chapters that follow

highlight key political developments after communism as well as providing a strong foundation for readers on regional history and the political and economic experiences of the communist years Each covers the foundational topics of political history political competition economic development social problems relationships with European institutions and threats to good governance For students and specialists alike this book will be an invaluable resource on this dynamic region of Europe
