Delahunty, 2023-06-27 Justice in the Balance Alexander Hamilton famously predicted that the judiciary would be the least dangerous branch of government How's that working out The Supreme Court stands as arbiter over a country increasingly unable to govern itself Americans can't agree on the meaning of the Constitution or even the rule of law Are the nine high priests enthroned in their marble temple the saviors of the Republic or the pallbearers of democracy Are they defenders of the Constitution as written or super legislators who make law from the bench What did the Founders envision when they vested the judicial Power in one supreme Court John Yoo a professor of law at UC Berkeley and Robert J Delahunty a fellow at the Claremont Institute Center for the American Way of Life provide the answers with an incisive reading of the law and constitutional history The Politically Incorrect Guide to the Supreme Court explains The turbulent history of the court's early years and the eventual triumph of judicial supremacy The Bill of Rights how the Court has defined free speech freedom of religion and the right to bear arms The Court's notorious rulings and how they were overturned from Dred Scott to Roe v Wade Why court packing is a constant temptation for Democratic presidents The Supreme Court's best and worst justices and what qualities distinguished them The future of the Supreme Court Will it be the rubber stamp of corrupt administrations or the ultimate watchdog protecting our nation's liberties The Politically Incorrect Guide to the Supreme Court offers a penetrating and irreverent account of the justices ideologues and cowards geniuses and mediocrities all of them thoroughly human and a fascinating analysis of a Court that has swung like a pendulum from preserving the Republic to undermining government by the people and back to defending the Constitution Sprightly informative and powerfully argued this book is guaranteed to give the reader a deeper understanding of America's most powerful judicial body **Politically Incorrect Guide to American History** Thomas E. Woods, 2004-01-04 The problem in America isn't so much what people don't know the problem is what people think they know that just ain't so Thomas E Woods Most Americans trust that their history professors and high school teachers will give students honest and accurate information The Politically Incorrect Guide to American History makes it quite clear that liberal professors have misinformed our children for generations Professor Thomas E Woods Jr takes on the most controversial

moments of American history and exposes how history books are merely a series of clichés drafted by academics who are heavily biased against God, democracy, patriotism, capitalism, and most American family values. Woods reveals the truth behind many of today's prominent myths. MYTH: The First Amendment prohibits school prayer. MYTH: The New Deal created great prosperity. MYTH: What the Supreme Court says goes. From the real American revolutionaries to the reality of labor unions, *The Politically Incorrect Guide to American History* is all you need for the truth about America, objective and unvarnished.

*Politically Incorrect Guide to Women, Sex And Feminism* Carrie L. Lukas, 2006-05-01 The latest in the New York Times bestselling series is the perfect antidote to the lies told in boardrooms, locker rooms, and universities that are brainwashing young women every day.

***Politically Incorrect Guide to the American Revolution*** Larry Schweikart, Dave Dougherty, 2017-06-26 The truth about the American Revolution is under attack. Despite what you may have learned in school, it wasn't a rich slaveholder's war fought to maintain white privilege. In fact, the War of Independence wasn't about maintaining any status quo; it was the world's first successful bottom-up revolution by the people, ushering in a new dawn of liberty that history had never seen before. But with left-wingers dominating the teaching of history, where can you go for the true story of the unprecedented events that made the United States the world's greatest nation? Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground-breaking patriotic history you've always wanted to read about the foundation of our unique nation. *The Politically Incorrect Guide to the American Revolution* reveals four key factors that applied only in America, making it impossible to replicate the Revolution anywhere else. Why it matters that the Patriot fighting force was overwhelmingly Scotch-Irish. The key role of Protestantism, which denominations tended to become Patriots and which Tories. How Americans were different from the Europeans and English even at the outset of the Revolution. How the casualties of the deadliest war in American history are routinely underreported. How our Revolution became a model for hundreds of others that all failed. Schweikart and Dougherty take on the left-wing myths, starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous *A People's History of the United States*, and uncover the truth about America's beginning.

*The Politically Incorrect Guide to Capitalism* Robert P. Murphy, 2007-04-09 An irreverent look at capitalism that exposes common fallacies and offers simple explanations of complex issues related to capitalism and its role in the world's economy.

***Politically Incorrect Guide to the Founding Fathers*** Brion McClanahan, 2009-06-30 The truth revealed and PC myths shattered about the Founding Fathers. Tom Brokaw labeled the World War II generation the Greatest Generation, but he was wrong. That honor belongs to the Founders, the men who pledged their lives, fortunes, and sacred honor for the cause of liberty and independence and who established the United States. This was a generation without equal, and it deserves to be rescued from the politically correct textbooks, teachers, and professors who want to dismiss the Founders as a cadre of dead white sexist slaveholding males. Now a clear-sighted conservative historian, Dr. Brion McClanahan does just that. In *The Politically Incorrect Guide to the Founding Fathers*, he

profiles Washington Adams Jefferson Madison Franklin and other important Founders traces the key issues of the day and shows how they dealt with them and in the process details the Founders deep faith commitment to the cause of independence impeccable character and visionary political ideals Even better The Politically Incorrect Guide to the Founding Fathers proves that the Founders had a better understanding of the problems we face today than do our own members of Congress McClanahan shows that if you want real and relevant insights into the issues of banking war powers executive authority freedom of the press freedom of speech freedom of religion states rights gun control judicial activism trade and taxes you d be better served reading the Founders than you would be watching congressional debates on C SPAN or reading the New York Times The Politically Incorrect Guide to the Founding Fathers is a vital guide to restoring a sane sober Constitutional sense of responsibility to today s public debates      Politically Incorrect Guide to the Presidents, Part 1 Larry Schweikart,2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country      Politically Incorrect Guide to the Middle East Martin Sieff,2008-01-28 The Middle East is almost never off the front pages yet most Americans know little about the region Why The mainstream media and Ivy League academics instead of helping only make matters worse by casting everything in the usual politically correct mold Arab terrorists are just desperate freedom fighters and the region s one free democracy Israel is the oppressor not least because of its alliance with America And if Islamic extremism is a problem the establishment tells us it s only because it s rooted in that source of all evils religion A different strain of political correctness has seeped into some minds on the right most notably the Bush administration which so ready to buy into the egalitarian myths we are all taught believed that Western style democracy could flourish anywhere Now in The Politically Incorrect Guide to the Middle East veteran Middle East correspondent Martin Sieff puts the lie to all these myths and clich s giving you everything you need to know about the region to understand its past its present and its possible future      *Politically Incorrect Guide to the Presidents* Steven F. Hayward,2012-02-13 Larry Schweikart a retired history professor is ready to set the record straight on the American presidents He goes through each of the first 26 presidents from Washington to Taft and debunks myths lies and fake news made fact by the uninformed Discover why George Washington favored American isolationism James Madison supported states rights what Lincoln promised to Southerners about fugitive slaves and why nineteenth century presidents were the last to understand the true role of government So what made these presidents so much better than the ones America has now Schweikart argues that recent commanders in chief have welcomed crises to advance their own partisan agenda defied the separation of powers the Founders carefully constructed to preserve the Republic and given us every reason to doubt they take the country s interests to heart      **Politically Incorrect Guide to Jihad** William Kilpatrick,2016-09-26 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country

**Politically Incorrect Guide to the Civil War** H. W. Crocker,2008-10-21 The Politically Incorrect Guide to the Civil War

is a joyful myth busting rebel yell that shatters today's Leftist and demeaning stereotypes about the South and the Civil War

**Politically Incorrect Guide to Immigration** John Zmirak, Al Perrotta, 2018-05-21 America's immigration crisis is out of control. Unregulated immigration has led to an increase in crime, a loss of working class jobs, an inflated welfare state, and an elevated amount of terror threats on our home territory. The clash of differing emotions, facts, and opinions reveals that this issue is not simply a nationwide disagreement; it is an American crisis. In *The Politically Incorrect Guide to Immigration*, authors John Zmirak and Al Perrotta debunk the Left's most deceptive myths on this complex policy issue and reveal the huge implications that lie ahead for our nation's future. Zmirak and Perrotta set the record straight on the history of American immigration, uncover the principles with which our forefathers migrated to America, affirm the respect with which migrants should treat our country if they wish to live here, and assert real solutions to the immigration crisis America faces. *The Politically Incorrect Guide to Immigration* equips readers with real-life statistics and information and is packed with targeted arguments to help convince even the staunchest advocates for open borders that America needs to build The Wall. You may think you know all about immigration, but in *The Politically Incorrect Guide to Immigration* you'll learn Building The Wall would cost less than half of what we spend to educate illegal immigrants every year. Illegal immigration costs American taxpayers 116 billion a year; 62% of naturalized immigrants are for the Democrats, only 25% are for the Republicans. Competition from immigrants costs American workers 450 billion a year. The Founders wanted to admit only immigrants who would make a net contribution and assimilate. Millions of nineteenth-century immigrants who couldn't make it in America went back home. The percent of foreign born in the United States today is the highest since World War I, and this time we're not doing Americanization. After Reagan's 1986 Amnesty, the illegal population went from 3.2 million to 11 million. Over 700,000 foreign visitors to the United States in 2016 overstayed their visas. Eighty percent of Central American women and girls who enter the United States illegally are raped along the way. Non-citizens are only 9 percent of our population but 27 percent of federal prisoners. One hundred forty-seven million more people from around the world would like to move to the United States. *The Politically Incorrect Guide to Socialism* Kevin Williamson, 2011-01-10 Argues that the same impulse for control that governed the Soviet Union is present in the American health care and educational systems and that socialism can never work because of human nature.

**The Politically Incorrect Guide to Global Warming** Christopher C. Horner, 2007-01-01 An exposé of some of the more controversial agendas behind global warming argues that poor quality science and dishonest politics are contributing to the intentionally disproportionate and self-serving levels of fear. [The Politically Incorrect Guide to Pandemics](#) Steven W. Mosher, 2022-07-26 Deadly plagues have ripped across the globe for centuries and will continue to do so in the future. From the Black Death to Smallpox and the Hong Kong flu, seven of the ten worst plagues in history originated in China. But the Covid-19 pandemic was something entirely new: a genetically engineered pathogen that was deliberately released upon the world for the geopolitical profit of a Communist government. In *The*

Politically Incorrect Guide to Pandemics Steven Mosher a leading authority on China devastates politically correct narratives about the Covid 19 pandemic and the deadliest plagues in history With expert insight he reveals Mountains of evidence that the Covid 19 pandemic originated in a Wuhan lab and not a wet market What life was like under plagues of the past and how these compare to the Covid 19 pandemic How Communist governments benefit economically and strategically from international plagues Chinese Communist Party source documents revealing viruses bioengineered to wreak global havoc The next pandemic may be the most devastating plague of all time The Politically Incorrect Guide to Pandemics sounds the alarm to prepare for a dangerous pandemic future      *The Politically Incorrect Guide to the Bible* Robert J.
