How Lives Change Himanshu, Peter Lanjouw, Nicholas Stern, 2018-08-01 Development economics is about understanding how and why lives change How Lives Change Palanpur India and Development Economics studies a single village in a crucially important country to illuminate the drivers of these changes why some people do better or worse than others and what influences mobility and inequality How Lives Change draws on seven decades of detailed data collection by a team of dedicated development economists to describe the evolution of Palanpur s economy its society and its politics The emerging story of integration of the village economy with the outside world is placed against the backdrop of a rapidly transforming India and in turn helps to understand the transformation It puts development economics into practice to assess its performance and potential in a unique and powerful way to show how the development of one village since India s independence can be set in the context of the entire country s story How Lives Change sets out the role of and scope for public policy in shaping the lives of individuals It describes how changes in Palanpur s economy since the late 1950s were initially driven by the advance of agriculture through land reforms the expansion of irrigation and the introduction of green revolution technologies Since the mid 1980s newly emerging off farm opportunities in nearby towns and outside agriculture

became the key driver of growth and change profoundly influencing poverty income mobility and inequality in Palanpur Village institutions are shown to have evolved in subtle but clear ways over time both shaping and being shaped by economic change Individual entrepreneurship and initiative is found to play a critical role in driving and responding to the forces of change and yet against a backdrop of real economic growth and structural transformation this book shows that human development outcomes have shown only weak progress and remain stubbornly resistant to change PISA 2018 Results (Volume V) Effective Policies, Successful Schools OECD,2020-09-29 The OECD Programme for International Student Assessment PISA examines what students know in reading mathematics and science and what they can do with what they know this is one of six volumes that present the results of the PISA 2018 survey the seventh round of the triennial assessment Volume V Effective Policies Successful Schools analyses schools and school systems and their relationship with education outcomes more generally **The Mathematics Teacher Education Partnership** W. Michigan School Moderator ,1892 The Role of Intergovernmental Fiscal Transfers in Improving Education Outcomes Samer Al-Samarrai,The World Bank,Blane Lewis,2021-07-23 The majority of the world s children live in countries where local governments are responsible for the provision of basic education services Although subnational governments manage their own education systems they often rely on transfers from the central government for funding The main purpose of this study is to assess how these fiscal transfers affect public funding for education and how they ultimately affect student schooling and learning outcomes Through a careful analysis of how fiscal transfers have affected education systems in different contexts the investigation develops a set of principles to support improvements in the design and implementation of transfer systems with a specific focus on the provision of education services The study is centered on seven country case studies that aim to answer a set of common research questions using a similar approach Country case studies were conducted in Brazil Bulgaria China Colombia Indonesia Sudan and Uganda The analysis shows that fiscal transfer mechanisms can improve the adequacy of public education spending reduce spending inequalities between regions and improve spending efficiency Moreover the study highlights that carefully designed and implemented transfer systems can help raise overall education outcomes and reduce education inequality This publication was funded by a grant from the Results in Education for All Children REACH trust fund at the World Bank REACH is supported by the government of Germany through theFederal Ministry for Economic Cooperation and Development the government of Norway through NORAD and the government of the United States of America through the U S Agency for International Development

Developing Public Service Leaders Mike Wallace,Michael Reed,Dermot O'Reilly,Michael Tomlinson,Jonathan Morris,Rosemary Deem,2022-10-17 *Developing Public Service Leaders* examines why and how governments and representative bodies in public service organizations have mounted major interventions over the last two decades to develop senior staff as leaders A critical explanation is developed of the foundational contribution made by national leadership development interventions in the 2000s to the emergence proliferation and normalization of leadership development provision Through carrying out qualitative research in England the authors investigate the national leadership development

interventions for school education healthcare and higher education Whilst also looking at the contemporary legacy of these interventions within a global scale examining the growing international movement and comparing interventions across the world The book looks at new ways to approach leadership development adopting a novel perspective on leadership as a metaphorical concept and coining the concept of leaderism and exploring how although senior staff may be widely acculturated as leaders they may not necessarily be committed to acting as government change agents Leadership development makes a diffuse contribution towards the ongoing neoliberalization of public services Developing Public Service Leaders is a comprehensive and essential read for a researcher or policymaker striving for an in depth understanding of the field and its ramifications
