Macadam Dreams Gisèle Pineau, 2003-01-01 A cyclone inexorably sweeps Eliette into her past in this novel about the wayward violence of love and nature in Guadeloupe In *Macadam Dreams* the celebrated Creole writer Gisèle Pineau cunningly unveils the two cataclysms that have devastated Eliette's life first the cyclone of 1928 when she was only eight years old and now Hurricane Hugo whose destruction shatters the elaborate defenses the old woman has built around the sorrows and madness of her life in the small accursed town of Savane Mulet As Hugo unleashes its fury a final blow frees Eliette's repressed memories of madness isolation and loss and of the grievous failure of a prophecy that promised her a child A story of self discovery *Macadam Dreams* speaks eloquently of the violence and poverty endured by women of this island nation violence every bit as devastating and seemingly inescapable as the perpetually returning cyclone Viewed by many as a canonical author in the Creole movement in Francophone literature Pineau has created an extraordinary work that is recognized as a masterpiece of French Caribbean literature

Footsteps in the Dark George Lipsitz, 2007 Most pop songs are short lived They appear suddenly and if they catch on seem to be everywhere at once before disappearing again into obscurity Yet some songs resonate more deeply often in ways that reflect broader historical and cultural changes In

Footsteps in the Dark George Lipsitz illuminates these secret meanings offering imaginative interpretations of a wide range of popular music genres from jazz to salsa to rock Sweeping changes that only remotely register in official narratives Lipsitz argues can appear in vivid relief within popular music especially when these changes occur outside mainstream white culture Using a wealth of revealing examples he discusses such topics as the emergence of an African American techno music subculture in Detroit as a contradictory case of digital capitalism and the prominence of banda merengue and salsa music in the 1990s as an expression of changing Mexican Dominican and Puerto Rican nationalisms Approaching race and popular music from another direction he analyzes the Ken Burns PBS series Jazz as a largely uncritical celebration of American nationalism that obscures the civil rights era s challenge to racial inequality and he takes on the infamous campaigns to censor hip hop and the radical black voice in the early 1990s Teeming with astute observations and brilliant insights about race and racism deindustrialization and urban renewal and their connections to music Footsteps in the Dark puts forth an alternate history of post cold war America and shows why in an era given to easy answers and clichd versions of history pop songs matter more than ever George Lipsitz is professor of black studies and sociology at the University of California Santa Barbara Among his many books are Life in the Struggle Dangerous Crossroads and American Studies in a Moment of Danger Minnesota 2001
