A Boomer's Guide to Long-term Care George D. Lambert III, 2006-11-01. Millions of baby boomers are not prepared for the biggest financial risk of their lives. A Boomer's Guide to Long Term Care reveals the realities of long term care so readers can protect what they've worked a lifetime to accumulate. Personal Finance Investments **Long-term Care** United States. Congress. Senate. Special Committee on Aging, 2001. *21st Century Long-term Care Residence* Magdalena Virginia White, 2003. **In with a Boom** Elizabeth Zeszutek, 2016. The baby boomer population is known as an independent generation that demands what they want and instigates change to satisfy themselves. They are considered one of the most financially professionally and personally successful age brackets of any generation to date. Based on their reputation it is only appropriate that within the final stages of life that this group will continue to demand change. This study investigated the changes that need to take place in the long term care environment over the next few years to accommodate the incoming baby boomers. The methodology included one on one interviews with Long Term Care Professionals as well as a multiple choice survey answered by those within The Baby Boomer Generation. The baby boomer age bracket consists of those born between 1946 and 1964 according to the US Census Bureau Velkoff 2010. Questions asked involved plans for the future problems with current facilities and what the facility plans to do regarding the influx of patients expected with the boomer generation. Similar data was grouped together and displayed on charts that indicate wants problems needs and issues regarding the Baby Boomer Generation and the Long Term Care Industry. The researcher used the interviews with professionals in the industry the baby boomer survey responses as well as evidence based design to draw conclusions on what changes need to occur within the Long Term Care environment for the incoming generation of Baby Boomers.
