Pit Bulls Vs Aliens:

Pit Bulls Vs. Aliens Neal Wooten, 2015-04-11 In the year 2050 the problematic buildup of greenhouse gases has been solved and yet global temperatures continue to rise As oceans grow warmer and the polar icecaps melt at an alarming rate marine mammals begin behaving most peculiarly Thomas Freeman a conspiracy author and UFO enthusiast knows the only explanation can be terraforming Soon his theory is confirmed as aliens arrive to colonize Central America Thomas joins forces with climatologist Stephen McNair marine biologist Sally Xie and SETI physicist Darren Mitchell to uncover the truth before it s too late As the intent of the invaders becomes clear Colonel Benjamin Jamison is called upon to lead a military force to stop them An impressive show of firepower comes up short as the technology of the aliens proves too much All hope appears lost until the human comrades inadvertently discover one thing that the aliens cannot defend themselves against and the earth has millions of them *Hunted By The Alien General: An Alien Abduction Romance (The Hunt Book 5)* A. M.

Griffin, 2021-03-30 The Hunter Adiya Yamma had one goal Find a male and mate him As the unexpected heir to her mother s legacy she would do anything to thwart her sister s plan to usurp the role and overthrow her leadership The plan was simple Enter the illegal hunting game claim one of the frail humans as her mate and secure her rule What she didn t intend was to find a man who satisfied her needs and wants beyond her every desire The Prey One night Ben Browder was in the Afghanistan mountains and the next he was on an alien planet with eight other abductees trapped in a survival game As a Marine Ben didn t expect to have any problem completing all three levels of The Hunt and earning his ticket back to Earth Then an injury sidelines him and Ben has no choice but to make a bargain with an alien huntress determined to claim him as her own Agreeing Ben knows there s more than one way to win and he s about to prove he s more than a muscled enforcer

Dinosaur Lake VI: The Alien Connection Kathryn Meyer Griffith, 2021-06-14 Henry Shore has spent the last decade hunting for fighting protecting people from and exterminating rogue dinosaurs in and around his beloved Crater Lake National Park and the towns around it Once the Chief Park Ranger there now he s retired and since all the dinosaurs are supposedly gone he s trying to live his best retirement life Except for Henry that doesn t seem to be possible because of a new sorrow he s had to shoulder and a new insidious breed of super smart highly intuitive dinosaurs that have suddenly emerged to again menace humanity Henry is asked to track them down and he s dragged back into the fray Besides being asked to battle this new threat Henry has also been invited by his paleontologist son in law Doctor Justin Maltin to join a top secret government team of research scientists at Area 52 investigating the original and apparently ancient origins of the earth s earlier plague of dinosaurs and two mysterious alien spaceships stored there What Henry becomes a part of turns out to be so much more than even he could have imagined A true alien enigma There s something mysteriously mindboggling at Area 52 and Henry will help uncover its mystery and in doing so will have the most incredible experience of his life and that s saying a lot for a seasoned dinosaur hunter There are six Dinosaur Lake books **Hunted by the Alien Prince** A.M.

Griffin,2019-06-25 The Hunter Prince Themba bu Kumkani has spent his whole life putting family and kingdom above his own wants and needs With his impending bonding ceremony on the horizon he s gifted a coveted spot in The Hunt His catch and release strategy is forgotten once he lays eyes on the human female Their hide and seek game is fuel to the fire raging out of control for her He s staked his claim on a mate he cannot have but can t live without Now Themba has to choose between love or family One choice will bring happiness while the other will cost him his homeworld and title The Prey With an ex who didn t want to be an ex and an impending divorce hanging over her head Payton Cole already thought her life had gone to hell in a handbasket Then she woke up in an alien survival of the fittest game Her top priority is to keep herself and her dog alive until the end Winning The Hunt means gaining her freedom but returning to Earth isn t a high priority She doesn t know where she ll go or what she ll do but one thing s for sure she doesn t intend to be anyone s property **Alien in the House** Gini Koch,2013-05-07 Sci fi action meets steamy paranormal romance in Gini Koch s Alien novels as Katherine Kitty Katt faces off against aliens conspiracies and deadly secrets Futuristic high jinks and gripping adventure RT Reviews Jeff and Kitty Katt Martini have learned the ins and outs of Washington politics not to mention how to prevail in intergalactic war and foil dangerous plots So when the newly elected Representative from New Mexico s 2nd Congressional District dies under mysterious circumstances while at the Centaurion Embassy it s up to Kitty and the rest of the Diplomatic Corps to stop the killer before the rest of the U S House of Representatives become casualties particularly the replacement Representative for New Mexico s 2nd District Jeff Martini Alien in the House is the thrilling seventh installment of the Alien series The Alien Fast-Food War (Book 1 of "Visions of Jupiter") Tilly Jupiter,2019-05-08 When remote controlled aircraft begin behaving erratically even crashing there is only one logical explanation well there are only two aliens or your own government The real shock is finding the signals are coming from people who ve eaten at fast food restaurants Of course we ve known all along the stuff is unhealthy But this Excerpt The aliens started small buying up a few eateries in malls and some coffee shops And then they expanded just as the Asians had before them but neither education nor commerce was the goal this time They wanted knowledge but not the kind that came from schools We knew your history but didn t know shit about what makes you humans tick was what Bernie said It didn t take long for them to recognize that we had no idea what made us tick either so they set out to blaze new trails in understanding peoplekind Fast food places provided them with two significant tools for this task First humans went there in droves You can t beat them away with a stick was how Bernie put it Once they were there they could be observed in their natural habitat as it were This nicely brought the subjects needed for the aliens field studies right to them Secondly we ingested rather indiscriminately a variety of substances passing for food The aliens developed their protein based nanosensors and fed them to us Who knew The damn things moved into our bloodstreams analyzing as they went We wanted to get to the heart of the matter was the way Doreen put it I think she was unaware of the implied pun so we forgave her Hungry for data they continued buying up fast food places served nanosensors and observed us We ate the

food and the sensors which transmitted back to data collectors that did some elementary preprocessing and relayed compressed data to as I've said Omaha Now I doubt anyone would have objected to this somewhat symbiotic turn of events After all the aliens had a vested interest in keeping the prices of their burgers and fries reasonable because that kept our patronage up Maybe once they had collected enough data they might have turned their attention to maximizing profits but for the time being it worked for everyone I suppose if they'd known the government would have a different view In fact after it was all over Homeland Security was rather pissed They were pissed at us because we hadn't reported our conversations with the Alien Invaders to the responsible authorities whatever that term might mean I asked who I should've reported to but didn't get a straight answer I admit that this probably did constitute an invasion of some sort or a precursor to one But as I told the stony faced Homeland Security lady I was hired as a consultant my clients wanted me to help deal with whoever was causing their problem The fact that they turned out to be aliens was just not relevant in any meaningful way Not to me anyway I had neglected to insert a clause that would pay a bonus for dealing with aliens in my contract One thing I learned in working for the model airplane folks is that messing with the geeks is folly If you doubt me the way the war unfolded provides a textbook case if one is needed Think about it Suppose you are a person who spends some monstrous amount of time and money building a model plane that looks say exactly like a Sopwith Camel You fly it for a few minutes and it is brilliant Suddenly it turns upside down which looks rather cool if you planned that to happen and rather spooky if you didn't and then it drops like a stone Well like a stone with wings I suppose

Alien Mate's Revenge Katrina S. Karter, 2021-12-05

HE SAID WE WOULD BE CLOSE BUT I DIDN'T UNDERSTAND THAT MEANT IF I DIED HE WOULD TOO TAMSIN HEWETT

I only wanted to return to Earth but the aliens murdered him before my eyes On the way to Earth leaving a piece of me behind my heart sank as I watched the man I cared for allow me to walk away from him without a word Out of nowhere we landed on the planet of Polyphemus III and the one who holds a piece of my heart stepped forth For the first time in my life I believe that happiness the joy of sharing your life with another might be mine My life has never been roses and champagne and this time was no different Fairytales are popular on Earth and every young girl secretly longs for her knight in glistening armor This isn't Earth and my deepest fantasies were decimated like a nuclear bomb Right before my eyes I watched them murdered him I want to deny my fated mate Deny myself but my heart is weak and my body under his command His need to protect me and keep me safe makes his domination over me almost unbearable I have tried to be his good little submissive and obey his command but I can't So I do what us humans do Smile at him and plan my next move What he and I have is something so precious I can't even comprehend the magnitude of this intimate bond that the gods have bestowed on us In my heart I hope the gods will be on my side once more keeping my fated mate and our bond protected allowing him to understand Revenge is mine As I stand on the precipice I know that my next steps will send me to stars or the fiery depths of hell I'm not sure I will be able to live with my decision which is fine since this is a one way mission Precious beautiful things

usually don't last long Like a shooting star this moment in time might be fleeting but its effects carved into the depths of my soul forever IARRD ACKMED Will our passion turn her eyes a stormy emerald or will they remain an amber color like the jewels in the Vhalian caves I never dreamed that my fated mate would be a human female nor that she would be so reckless that her revenge would cause her to willingly lay her life down She is skittish and I would chase her through the nine galaxies if need be Someone hold my crown As a royal prince I am used to getting my way however my mate does not understand true submission or how to obey I am flabbergasted that after our intimate moment I am left with a parchment upon my dresser as she once again puts her life in danger The goddess truly did not make a mistake when gifting me her I underestimated her need for justice just as she did my unwavering determination My fated mate does not understand that his death was a bigger than we could ever have imagined I place her life above my crown and planet I am facing the most challenging battle yet as I must save my planet my people and my mate Please read Rescued by the Alien Prince before reading this book Humans are exhilarating frustrating and utterly captivating What prince wouldn't want that kind of excitement in his life I am looking forward to teaching my Tamsin many things Humans get bored easily yet our lives will never be monotonous If the space pirates touch what is mine I will annihilate their entire species I will destroy planets to protect her fragile heart When I get my hands on her I will teach her true submission She is mine to love cherish and protect
