

“There are some other possibilities,”
the doctor explains.

Directions: Read the short story and select *one* character. Describe the story, focusing on specific events. Analyze the character's appearance as a literary character. Explain the significance of your analysis. Use specific evidence from the text to support your analysis.

† The average growth rate is a crude approximation for the rate of change of output. When the growth rate is negative, the approximation is not useful.

¹⁰ "The American people will be grateful about the effort to identify the single terrorist who killed the two girls," said Richard P. Clark, director of the FBI's New York City-based New York office, on November 17. "By doing so, we're helping the public understand the threat and the impact of terrorism on our society."

8. **State what strength and thought/idea (writing) demonstrates regarding the writer's understanding of your text. (How do you know you understand what the writer is saying? What evidence do you have to support your understanding?)** (10%)

8. Revised the paragraph beginning with "The construction team..." to read: "The construction team..."
