the most affordable of all Porsches to own and run Now times have changed and the model has appreciated not only in value but in terms of awareness as well The 914 6 has become particularly desirable and it is hoped that this book will go some way towards explaining the 914 s various merits *Porsche 914* Jürgen Lewandowski, 2019-09-12 Special slipcased edition limited to 314 copies The Porsche 911 s little brother In 1969 a very special sports car was born The 914 rose from a marriage of convenience of Volkswagen and Porsche because both companies wanted a small modern and affordable sports car in their product range but for little cost Thus it was decided to combine the skills of both manufacturers The result was a light mid engine sports car with a lively road performance and even 50 years after its launch it pleases the eye with a fresh design Back then it was often ridiculed as a housewife Porsche or Volks Porsche but now the 914 has come out of the shadow of its big brother the 911 and has a huge fan base today it lives on in the Boxster and Cayman models This volume includes the result of thorough research in the Porsche and VW archives rich photography all technical data development production model history and racing appearances
