Positive Accountability The First Step To Success:

Positive Accountability Royce White, 2014-11-10 Negative accountability do this or else It s a major part of life It s what drives us in almost everything from a necessity perspective In fact a recent Zogby poll shows that a majority of those surveyed feel that accountability is something negative that happens to them usually when things go wrong rather than something they utilize to ensure success But what about from a positive perspective In almost everything we are accountable to an outside force It s a negative influence for good We drive the speed limit for fear of getting a ticket We pay our taxes on time for fear of the government hauling us away We keep our weight down and in shape when we aren t in a relationship for fear of not attracting a mate We at least put on the appearance of work at our job for fear of being fired The list goes on and on and on fill in the blanks write your own list Even so we do just enough to get by We push the speed limit by 5 10 mph because that s the most we can push it and not get stopped We pay our taxes on time though 41% of us pay within the last 30 days and 27% in the last 15 days We may keep our weight down when pursuing the catch but we put on the freshmen 15 after we re caught You can become 10 times more effective then you are now in anything Today This book will not only show you how to use Positive Accountability to get almost anything done it will walk with you all along the way I m not here to throw something at you and walk away I m here to add value help you stay on target and accomplish to get you to where you want to go One of my mentors John Maxwell says A leader is one who knows the way goes the way and shows the way I want to go one more step to help you along the way and be there with you when you get there I ve been looking for the formula for getting started most of my life I am an author and executive coach with the John Maxwell Team the largest team of leadership trainers in the world I dig deep with people who want to succeed and get to where they really want to go I ve been an entrepreneur for 27 years and worked corporate America prior to that I ve started seven businesses I love studying people leadership methodologies neuro psychology and things related to why we do or don t do things This book is about getting to your definition of success Not just motivating you not just inspiring you not even just teaching you methodologies and procedures but walking with you to get to your why and the success you define If you want to stop procrastinating and start accomplishing read this book I will walk you through the procedure which is extremely easy and you can start succeeding today Thanks for the opportunity
