Pour Une Sociologie D'intervention:

Pour une sociologie d'intervention Gilles HERREROS, 2013-01-03 Cet ouvrage présente les conditions d'exercice de la sociologie d'intervention. À travers une approche méthodologique théorique et pistologique, il entend répondre des questions auxquelles tous les praticiens de l'intervention spécialistes des sciences humaines mais aussi consultants de toutes les disciplines se trouvent confrontés. L'action du sociologue répondant la demande sociale relève-t-elle de la science ? L'implication du chercheur est-elle compatible avec la rigueur de sa démarche ? Quelles relations établir avec un commanditaire ? Quelles sont les postures de l'intervenant ? Comment se déroule une intervention ? Quelles contraintes théoriques respecter ? Quelle position adopter face à la notion d'expertise ? Quelle vocation accorder à la connaissance produite ? Des récits viennent ponctuer les développements et fournissent des contours précis cette sociologie d'intervention. Gilles Herreros est professeur de sociologie à l'université Lyon 2, membre du Centre de recherche et d'études anthropologiques. Mise en vente le 14 mai 2009 **Sociologie**

des organisations Michel Foudriat, 2007 L'intervention sociologique dans les organisations Gilles Herreros, Bruno Milly, 2023-12-07T00:00:00+01:00 Pour Gilles Herreros et Bruno Milly, sociologues spécialistes de l'analyse du travail, l'intervention dans les organisations consiste à venir se placer sur la base d'une commande parmi les acteurs d'une organisation ou d'un collectif de professionnels dans la perspective d'établir avec eux une relation d'aide prenant appui sur des dimensions cognitives et psycho-affectives et avec des inclinations politiques. À partir des missions qu'ils ont conduites dans différents contextes, les auteurs ont développé leur propre conception clinique. Ils ont laboré dix repères méthodologiques qui structurent leurs pratiques et questionnent de façon transversale celles de tout intervenant en organisation. Sept situations mises en récit illustrent les particularités, les difficultés et les chemins tortueux de cette sociologie. L'analyse des auteurs explore les transformations des organisations ces quinze dernières années dans trois directions : les dynamiques de la rationalisation, ses formes et quelques-unes de ses conséquences, l'emprise destructrice des organisations, les contours et les possibilités d'un monde organisationnel alternatif. *La sociologie d'intervention* Rémi Hess, 1981 Cette édition numérique a été réalisée à partir d'un support physique parfois ancien conservé au sein du département de la Bibliothèque nationale de France conformément à la loi n° 2012-287 du 1er mars 2012 relative à l'exploitation des livres indisponibles du XXe siècle.
