The PEERS Curriculum for School-Based Professionals Elizabeth A. Laugeson, 2013-10-23 The PEERS Curriculum for School Based Professionals brings UCLA's highly acclaimed and widely popular PEERS program into the school setting. This sixteen-week program, clinically proven to significantly improve social skills and social interactions among teens with autism spectrum disorder, is now customized for the needs of psychologists, counselors, speech pathologists, administrators, and teachers. The manual is broken down into clearly divided lesson plans, each of which have concrete rules and steps, corresponding homework assignments, plans for review, and unique fun activities to ensure that teens are comfortable incorporating what they've learned. The curriculum also includes parent handouts, tips for preparing for each lesson, strategies for overcoming potential pitfalls, and the research underlying this transformative program. **Sportsmanship** Tim Delaney, 2016-02-17 Sportsmanship is a broad concept: ethics, fairness, honor, and self-control. Some people find it difficult to define what makes a good sport, but state I know one when I see one. This collection of new essays brings together the work of more than two dozen contributors from around the world who teach sportsmanship in a range of academic disciplines, including sociology, psychology, economics, education, kinesiology, and applied athletics. Topics include the moral ambiguities of cheating, recreation in prison, ethics and character formation, coaching perspectives, gender, race, and the portrayal of sportsmanship in film.
