The Imago Dei John T. Swann, 2017-07-07 The creation of humankind in the Image of God is perhaps the most foundational tenet of theological anthropology yet it is rarely understood in the fullness of what it represents Too often focus is placed on the divine image as a condition A study of the Scriptures suggests that it is better understood not as a condition

but rather as a commission of humanity to a role specifically a priestly role This book delves into the recognition that the Image of God is nothing less than a divine commission over all of humanity to serve as priests within the temple of creation It examines not only the creation of humankind as a priesthood in the opening chapters of Genesis but also the echoes of this anthropological interpretation throughout the Scriptures and the resulting ramifications for future biblical and theological studies

Twelftree, 2013-09-15 How can we explain the difference between the miraculous Christianity expressed in the Gospels and the nearly miracle free Christianity of Paul In this historically informed study senior New Testament scholar Graham Twelftree challenges the view that Paul was primarily a thinker and reimagines him as an apostle of Jesus for whom the miraculous was of profound importance Highlighting often overlooked material in Paul's letters Twelftree offers a fresh consideration of what the life and work of Paul might teach us about miracles in early Christianity and sheds light on how early Christians lived out their faith

**All Citizens of Christ: A Cosmopolitan Reading of Unity and Diversity in Paul's Letters** Jeehei Park, 2022-10-10 In this work Jeehei Park proposes Greek and Roman cosmopolitanism as a constructive category through which to navigate a reading of human diversity and communal unity in Paul's letters Park takes a thorough look at the cosmopolitan ideas of Diogenes of Sinope Philo Plutarch Epictetus and Marcus Aurelius to establish Paul as an interlocutor who critically participated in the discourse of cosmopolitanism Park

characterizes Paul's understanding of unity with the distinctive phrase heterogeneous unity in which human differences are respected and embraced rather than being universalized or homogenized. This book offers a novel analysis of Paul's rhetoric about citizenship in Philippians and its adoption of Greek and Roman cosmopolitanism as an interpretive contour.
