**Greek and Latin Love** Thea S. Thorsen,Iris Brecke,Stephen Harrison,2021-09-07 It is often claimed that the kind of love that is variously deemed romantic or true did not exist in antiquity Yet ancient literature abounds with stories that seem to adhere precisely to this kind of love This volume focuses on such literature and the concepts of love it espouses The volume differs from and challenges much existing classical scholarship which has traditionally privileged the theme of sex over love and prose genres over those of poetry By conversely focusing on love and poetry the present volume freshly explores central poets in ancient literature such as Homer Sappho Terence Catullus Virgil Horace and Ovid alongside less canonized such as the anonymous poet of The Lament for Bion Philodemus and Sulpicia The chapters which are written by world leading as well as younger scholars reveal that Greek and Latin concepts of love seem interconnected that such love is as relevant for hetero as homoerotic couples and that such ideas of love follow the mainstream of poetry throughout antiquity In addition to the general reader interested in the history of love this volume is relevant for students and scholars of the ancient world and the poetic tradition
