Oracle E-Business Suite R12.x HRMS - A Functionality Guide Pravin S. Ingawale, 2015-06-25 Oracle's E Business Suite Human Capital Management enables organizations to architect a global foundation for HR data and improved business processes. The book starts by introducing Oracle Application E Business Suite its architecture and how to set up the preliminary components such as roles groups and profile options. As you progress through the chapters you'll learn to define common data from an enterprise perspective such as the unique structures for jobs positions job groups and other business entities. As we move from learning the core HR structures you'll learn to implement people management concepts such as maintaining personal information identifying assignments managing assignments of personnel changing assignments and terminating an assignment or employee. By the end of this book you will have a thorough knowledge of implementing a fully functional HR system based on strategic business needs along with a detailed understanding of the key functions and benefits of Oracle HCM.

Governance, Risk, and Compliance Handbook for Oracle Applications Nigel King, Adil R. Khan, 2012-08-24 The book is not organized by product rather by the governance and risk assurance processes. A given product may be represented in multiple places within the book and a given process may contain multiple product references. To ensure that we keep ourselves grounded in real problems the book is written as a journal of a fictional company establishing its governance processes. It will introduce managers and directors responsible for various aspects of the governance risk and compliance problem and where that problem is exposed and how it is addressed in the technology and business applications. The audience for this book is the people that advise the board the internal audit department and CIO office on controls security and risk assurance. Consultants that are implementing Financials or GRC Applications who wish to gain an understanding of the Governance Risk and Compliance processes and how they are represented in Oracle should find it a useful primer. Risk Assurance professionals will find it a reliable companion.
