**The European Union's Contribution to International Peace and Security**, 2023-05-25 The Treaty of Lisbon has significantly enhanced the EU's institutional framework and the instruments at its disposal in foreign policy and external relations notably through the creation of the function of the High Representative supported by the European External Action Service

Contributing to the maintenance of international peace and security is one of the core objectives of the EU's external action This volume with contributions from legal experts on EU foreign policy and external relations illustrates the manifold legal issues arising in EU external action and in its efforts to achieve this essential objective

Les relations entre l'Union européenne et l'ONU dans le domaine de la gestion des crises Anne Hamonic, 2018-05-07 1 heure 0 les sources et les zones d'instabilité et de conflit se multiplient travers le monde l'ambition pour l'Union européenne d'affirmer son identité sur la scène internationale revêt un sens et une ampleur renouvelés En matière de paix et de sécurité sa coopération avec l'ONU devrait se développer Toutefois les règles relatives aux relations entre l'organisation universelle et les organisations régionales demeurent souvent imprécises ou inadaptées L'objet de cet ouvrage consiste à proposer une analyse juridique détaillée des relations se développant entre l'Union européenne et l'ONU dans le domaine particulier de la gestion des crises et apprendre comment et dans quelle mesure ces relations l'Union européenne contribue à l'évolution du droit des relations entre l'ONU et les organisations régionales dans le maintien de la paix et de la sécurité internationales travers le double prisme de la dimension institutionnelle et de la dimension opérationnelle L'étude met en lumière une contribution de l'Union européenne certes variable mais non moins significative En effet l'institutionnalisation des relations entre l'Union européenne et l'ONU dans la gestion des crises au niveau multilatéral comme sur le plan bilatéral se présente comme une source stimulante d'innovation

Concomitamment la coopération opérationnelle Union européenne-ONU participe à la modernisation de la répartition fonctionnelle et géographique des rôles entre l'ONU et les organisations régionales dans le maintien de la paix et de la sécurité internationales L'ouvrage intéressera les spécialistes de l'Union européenne qui travaillent sur son action extérieure notamment en matière de sécurité et de défense et les spécialistes du droit international et des relations internationales qui étudient ou participent à l'action de l'ONU en matière de maintien de la paix et de la sécurité internationales

**Inondations 2** Freddy Vinet, 2018-06-01 La gestion du risque d'inondation est paradoxale malgré des outils de connaissance du risque de plus en plus performants et malgr

les efforts des institutions internationales pour mettre la production du risque à l'agenda le coût des catastrophes ne cesse de grimper d'autant qu'il est de plus en plus difficile de ne pas urbaniser ou aménager les territoires inondables. D'terminer les conditions d'une prévention efficace en se focalisant sur l'adaptation au risque est l'une des problématiques fondamentales dont traite cet ouvrage. Ceci implique la nécessité de composer avec l'inondabilité et non de lutter frontalement ou de l'ignorer. C'est dans cette optique qu'*Inondations 2* la gestion du risque présente les politiques et outils existants pour limiter les impacts des inondations ouvrages de protection, production de la vulnérabilité des territoires, amélioration de la gestion de crise, etc. Plusieurs chapitres analysent la question de l'adaptation par des reconstructions post-inondations, intégrant des mesures préventives ou par un urbanisme résilient.
