Exterior Facade

The post office's architecture, especially the elements of the main facade, establishes a strong visual identity of professionalism and warmth. The public area facade, of one local building material, is simple and unpretentious. The postal operation workroom area is visible beyond as a backdrop to the facade. The building

is identified by geometric letters spanning the windows below. The portico signals the entrance to the building, and its sign identifies the facility's town, state and zip code. The eagle, symbol of the postal system, reinforces the post office identity, and its placement emphasizes the entrance.
