Conard,2005-01-27 An essay collection examining the philosophical elements of select films in noir cinema as well as the genre s legacy in film and culture A drifter with no name and no past driven purely by

desire is convinced by a beautiful woman to murder her husband A hard drinking detective down on his luck becomes involved with a gang of criminals in pursuit of a priceless artifact The stories are at once romantic pessimistic filled with anxiety and a sense of alienation and they define the essence of film noir Noir emerged as a prominent American film genre in the early 1940s distinguishable by its use of unusual lighting sinister plots mysterious characters and dark themes From The Maltese Falcon 1941 to Touch of Evil 1958 films from this classic period reflect an atmosphere of corruption and social decay that attracted such accomplished directors as John Huston Alfred Hitchcock Billy Wilder and Orson Welles The Philosophy of Film Noir is the first volume to focus exclusively on the philosophical underpinnings of these iconic films Drawing on the work of diverse thinkers from the French existentialist Albert Camus to the Frankfurt school theorists Max Horkheimer and Theodor Adorno the volume connects film noir to the philosophical questions of a modern often nihilistic world Opening with an examination of what constitutes noir cinema the book interprets the philosophical elements consistently present in the films themes such as moral ambiguity reason versus passion and pessimism The contributors to the volume also argue that the essence and elements of noir have fundamentally influenced movies outside of the traditional noir period Neo noir films such as Pulp Fiction 1994 Fight Club 1999 and Memento 2000 have reintroduced the genre to a contemporary audience As they assess the concepts present in individual films the contributors also illuminate and explore the philosophical themes that surface in popular culture A close examination of one of the most significant artistic movements of the twentieth century The Philosophy of Film Noir reinvigorates an intellectual discussion at the intersection of popular culture and philosophy Praise for The Philosophy of Film Noir The essays work both as solid primers into philosophy stretching from Aristotle to Schopenhauer and as lucid excursions into the genre's dark mean streets A fascinating readable and provocative book Highly recommended Choice Dense and intriguing the book suggests noir is best perceived as a slightly warped mirror held up to contemporary society Publishers Weekly

Wilson, Maria Colavito, Djoymi Baker, 2014-03-21 Soon after film came into existence the term epic was used to describe productions that were lengthy spectacular live with action and often filmed in exotic locales with large casts and staggering budgets The effort and extravagance needed to mount an epic film paid off handsomely at the box office for the genre became an immediate favorite with audiences Epic films survived the tribulations of two world wars and the Depression and have retained the basic characteristics of size and glamour for more than a hundred years Length was and still is one of the traits of the epic though monolithic three to four hour spectacles like *Gone with the Wind* 1939 and *Lawrence of Arabia* 1962 have been replaced today by such franchises as the Harry Potter films and the Lord of the Rings trilogy Although the form has evolved during many decades of existence its central elements have been retained refined and modernized to suit the tastes of every new generation The Encyclopedia of Epic Films identifies describes and analyzes those films that meet the criteria of the epic sweeping drama panoramic landscapes lengthy adventure sequences and in many cases casts of thousands This volume looks at the wide variety of epics produced over the last century from the silent spectacles of D W Griffith and biblical melodramas of Cecil B DeMille to the historical dramas of David Lean and rollercoaster thrillers of Steven Spielberg Each entry contains Major personnel behind the camera including directors and screenwriters Cast and character listings Plot summary Analysis Academy Award wins and nominations DVD and Blu ray availability Resources for further study This volume also includes appendixes of foreign epics superhero spectaculars and epics produced for television along with a list of all the directors in the book Despite a lack of overall critical recognition and respect as a genre the epic remains a favorite of audiences and this book pays homage to a form of mass entertainment that continues to fill movie theaters The Encyclopedia of Epic Films will be of interest to academics and scholars as well as any fan of films made on a grand scale *Recalling a Story Once Told* John S. Vassar, 2007 John Vassar investigates the intertextual relationship between the Psalter and the Pentateuch revealing the various markers in the Psalter that guide the reader to the Pentateuch The initial marker discerned guiding the reader from the Psalter to the Pentateuch is the fivefold division of the Psalter This study then proceeds to examine the relationship between the initial psalm of each book of the Psalter and then explores this relationship with a text from the five books of the Pentateuch **BOOK JACKET** The Concept of Modernism Astradur Eysteinnsson, 2018-07-05 The

term modernism is central to any discussion of twentieth century literature and critical theory Astradur Eysteinsson here maintains that the concept of modernism does not emerge directly from the literature it subsumes but is in fact a product of critical practices relating to nontraditional literature Intervening in these practices and correlating them with modernist works and with modern literary theory Eysteinsson undertakes a comprehensive reexamination of the idea of modernism Eysteinsson critically explores various manifestations of modernism in a rich array of American British and European literature criticism and theory He first examines many modernist paradigms detecting in them a conflict between modernism's culturally subversive potential and its relatively conservative status as a formalist project He then considers these paradigms as interpretations and fabrications of literary history Seen in this light modernism both signals a historical change on the literary scene and implies the context of that change Laden with the implications of tradition and modernity modernism fills its major function that of highlighting and defining the complex relations between history and postrealist literature Eysteinsson focuses on the ways in which the concept of modernism directs our understanding of literature and literary history and influences our judgment of experimental and postrealist works in literature and art He discusses in detail the relation of modernism to the key concepts postmodernism the avant garde and realism Enacting a crisis of subject and reference modernism is not so much a form of discourse he asserts as its interruption a possible other modernity that reveals critical aspects of our social and linguistic experience in Western culture Comparatists literary theorists cultural historians and others interested in twentieth century literature and art will profit from this provocative book

*The Unresolvable Plot*  
Elizabeth Dipple, 2019-10-01 Originally published in 1988 the last few decades had seen the appearance of some brilliant and complex new kinds of fiction The ambitious experiments of writers such as Greene Garcia M rquez Borges Nabakov Calvino Beckett Eco Spark Hoban Murdoch Bellow Ozick and Lessing among others had all proved the vitality of contemporary fiction in discovering exciting new forms and styles Yet because of the difficulty of many of the texts contemporary fiction as a genre had acquired an undeservedly unpopular reputation among students and other readers In a very real way the reader had become nervous rather than confident in the face of a literature that in fact is more aware of and generous to that reader than earlier and more apparently accessible literature ever managed to be And the new fiction's seeming remoteness from the reader is exaggerated in a sense by the critical academic response at the time which tended to obscure the texts themselves behind the many aesthetic and cultural theories which had sprung up in the study of fictionalizing or narrativity in general Elizabeth Dipple is anxious to dispel readers fears about these texts She has chosen an international list of major writers of the time and presents a detailed discussion of each Beginning each chapter with a brief explanation of the context in which each fictionist is to be examined she then concentrates on an analysis of key texts aiming always to look beyond jargon and theory back to the sources themselves Professor Dipple's purpose was to convey to the reader some of her own admiration and enthusiasm for contemporary fiction and to persuade him or her to take a fresh look at a group of writers who

were producing what she felt would surely be seen by future generations as among the most sophisticated and accomplished fiction of our time      **Romancing the Postmodern** Diane Elam,2019-08-13 By exposing the theory of romance to the romance of theory Diane Elam explores literature s most uncertain least easily definable and most tenacious genre assessing its implications for both feminism and the understanding of history Arguing for a parallel between postmodernism s divided relation to modernism and romance s difficult stance towards realism *Romancing the Postmodern* first published in 1992 not only highlights how postmodernism questions our assumptions about historical time it also reintroduces the figure of woman to the theory of both history and literature      *The Journal of Speculative Philosophy* ,1993      **New Essays on Umberto Eco** Peter Bondanella,2009-07-02 An introduction to Eco s contributions to a wide range of academic disciplines as well as to his literary works
