Fischer-Lichte, Torsten Jost, Saskya Iris Jain, 2014-01-10 This book provides a timely intervention in the fields of performance studies and theatre history and to larger issues of global cultural exchange The authors offer a provocative argument for rethinking the scholarly assessment of how diverse performative cultures interact how they are interwoven and how they are dependent upon each other While the term intercultural theatre as a concept points back to postcolonialism and its contradictions The Politics of Interweaving Performance Cultures explores global developments in the performing arts that cannot adequately be explained and understood using postcolonial theory The authors challenge the dichotomy the West and the rest where Western cultures are universal and non Western cultures are particular as well as ideas of national culture and cultural ownership This volume uses international case studies to explore the politics of globalization looking at new paternalistic forms of exchange and the new inequalities emerging from it These case studies are guided by the principle that processes of interweaving performance cultures are in fact political processes The authors explore the inextricability of the aesthetic and the political whereby aesthetics cannot be perceived as opposite to the political rather the aesthetic is the political Helen Gilbert's essay Let the Games Begin Pageants Protests Indigeneity 1968 2010 won the 2015 Marlis Thiersch Prize for best essay from the Australasian Drama Theatre and Performance Studies Association *Latvian-English, English-Latvian Dictionary* M. Paths to Contemporary French Literature John Taylor, 2017-07-05 Praised for his independence curiosity intimate knowledge of French literature and sharp reader's eye John Taylor is a writer critic who is naturally skeptical of literary fashions overnight reputations and readymade academic categories Here he examines various genres of politically committed literature such as Jean Hatzfeld's narratives about Rwanda or Tchicaya U Tam si's verse some overlooked fiction and several provocative experiments with literary form ranging from the poetry of Jean Paul Michel and Marie etienne to the three line

novels of Felix Feneon Taylor continues to reveal the remarkable resourcefulness of French writing Besides drawing attention to authors like Dai Sijie or Albert Cossery who have come to French from other languages he has added younger novelists to his critical panorama Challenging persistent cliches and recovering deserving voices from unjust neglect Taylor's vision of French literature conjures up the image of a vital nexus Poetry crisscrosses with prose writers from one generation meet up with those from the next or the previous one while the philosophical ideas underlying French writing are scrutinized This is an essential guide to the realities of French culture today *Mad Forest* Caryl Churchill,1992 This timely drama resulted from a trip to Romania Developed with students from London's Central School of Drama this is an incisive portrait of society in turmoil that focuses on two families to reveal what life is like under a totalitarian regime and what results when the regime collapses The play's brief scenes are almost cinematic in their presentation of events as seen by ordinary people trying to live in peace Publisher's description *Nacionalni jeziki v visokem šolstvu* Marjeta Humar,2010-01-01 Zbornik vsebuje dopolnjena in za objavo prirejena predavanja ki so jih predstavili udeleženci mednarodne konference z naslovom Jezikovna različnost in nacionalni jeziki v visokem šolstvu ki je potekala 19 in 20 novembra 2009 v Ljubljani Prispevki ki so objavljeni v zborniku prikazujejo položaj nacionalnih jezikov v visokem šolstvu in znanosti v teh državah opozarjajo pa tudi na izgubo strokovnih področij in vpliv angleščine na nacionalne terminologije **The Conscience of Humankind** ,2021-11-22 The traumatic experiences of persecution and genocide have changed traditional views of literature The discussion of historical truth versus aesthetic autonomy takes an unexpected turn when confronted with the experiences of the victims of the Holocaust the Gulag Archipelago the Cultural Revolution Apartheid and other crimes against humanity The question is whether and if so to what extent literary imagination may depart from historical truth In general the first reactions to traumatic historical experiences are autobiographical statements written by witnesses of the events However the second and third generations the sons and daughters of the victims as well as of the victimizers tend to free themselves from this generic restriction and claim their own way of remembering the history of their parents and grandparents They explore their own limits of representation and feel free to use a variety of genres they turn to either realist or postmodernist ironic or grotesque modes of writing **PARADOXISM'S OFFENSIVE** Ion Soare , Therefore the literary histories are put in front of an event a literary one certainly that they will have volens nolens to mention in the worst case if not to analyze at an equal level with the other movements from the so large and complex field of the letters the paradoxism Paradoxism and Postmodernism (criticism) Ion Soare,2001-01-01 American Book Publishing Record ,2003 *Writing to Learn Academic Words* Breno B. Silva,2022-08-22 This book highlights the importance of English academic vocabulary for success at university and explores written tasks as effective pedagogical tools to promote the acquisition of academic words The book reviews germane and recent SLA psycholinguistic corpus linguistics and L2 writing research to underscore the challenges associated with the learning of academic words Then it reports on three empirical studies conducted in the Polish context The first study

develops a reliable tool to assess the knowledge of academic vocabulary of undergraduate learners The second and third studies investigate the learning of academic words after the writing of sentences and argumentative essays and discuss the role of cognition as a mediator of such learning The book also provides an accessible introduction to linear mixed effect models a powerful reliable and flexible statistical technique that has been gaining popularity among SLA and psycholinguistics researchers

Famous Romanians in Japan Radu Șerban, On the centenary of the Romanian Japanese diplomacy I remember the years spent in Japan 2012 2016 with the end of my diplomatic career achievements and a shadow of amnesia as far as a part of the bilateral relations history before the Second World War is concerned The inertness of the last three decades kept quiet names and events worthy of a novel which I try to bring back to light through this book after searches of almost four years I give to the reader some of the unjustly forgotten pages confining myself to the remarkable Romanian presences in Japan at that time From Anatolie Tihai to Gheorghe B. Guleșcu with the Xenopol interlude a plethora of Romanian personalities experienced living in the archipelago longer or shorter periods recounting their missions and adventures or delegating others to share them as was the case of Prince Carol Rich in events the interval of bilateral history 1872 1943 is still waiting to develop under the layers of palimpsest I hope that this volume will reproduce a fragment of the brilliance of this period and especially increase the interest of students and researchers for a topic that will become in the coming years useful for the Romanian Japanese strategic dialogue not only in the area of history and literature In the latest bilateral anthologies the names of some great Romanians from that period have been intently minimized Each of them could be a novel hero through his biography through his relating to the Japanese culture and civilization and especially through contributing to the popularity of Romania in the archipelago During my documentation I identified interwoven threads of the 14 heroes destinies more or less known some obvious others just suspected Xenopol and Timu for example followed the same route from Iași to Tokyo at the same time but with different goals and different comfort and they did not know each other Bufnea along with G. V. nescul in various photographs was charged by C. dere to repatriate the remains of the former ambassador Xenopol Prince Carol granted audience to C. dere to get a report on the repatriation of Romanian volunteers Cornel Cozmu appears among the Romanian volunteers repatriated through Japan and his ex wife Otilia de Cozmu after documenting in Japan introduced Br. ncu i to Rodin Why Br. ncu i To the pilgrim heroes through the archipelago a virtual presence is added Constantin Br. ncu i imposed by the notoriety of his work in the Japanese artistic space like no other Romanian artist s even if he personally had never visited Japan His disciple Isamu Noguchi managed to increase his notoriety spreading sculptural reverberations in the artistic space of his country I let myself be carried away in a parallel world Gradually as I wrote I became Tihai Assan Ghika etc I got into character and reconstituting the places visited I tried to turn back the clock The photographs of the era helped me as well as the writings of those Romanians fascinated by the exoticism of Japan In addition to the 14 personalities evoked in this volume other Romanians who visited Japan before the Second

World War can be named including the plethora of diplomats but I avoid detailed references to them so as not to be suspected of using the archives of the Ministry of Foreign Affairs However it is worth mentioning two of the first occasional visitors to Japan at the end of the 19th century Nicolae Russel and Iuliu Popper It s just that Russel was not a real Romanian but a Russian born Nikolai Konstantinovich Sudzilovsky and Popper lost his Romanian citizenship Nonetheless their incidental visits did not leave written records or photographs but they remind us that their names appear in some studies as the first Romanians to visit Japan I hope I m not mistaken if I place this book under the sign of the ronin a word that in Japanese means vagabond and in our country it has been translated as wandering samurai as well Directly Pope Pius XI had called Vladimir Ghika an apostolic vagabond because of his frequent trips abroad All the Romanians in this book are vagabonds in a positive sense in one way or another I would call them ronins for their courage and for their association with the Japanese audacity Just as the ronins were fortuitously separated from their masters some of these Romanians parted from their country more or less fortuitously and in addition to the courage of the ronins they carry in them the symbol of a lasting harmony Romania Nippon abbreviated RO NI Radu erban
