Disruptive Innovation in Chinese and Indian Businesses Peter Ping Li, 2013-03-12 With the rapid development of China and India as new economic powers in global competition an obvious question is whether these emerging economies are great opportunities or threats Whilst answers are bound to differ depending on one's perspective it is increasingly clear that more local firms especially local entrepreneurs from these emerging economies will play a more critical role in global competition by becoming challengers to global incumbents Indeed the fact that the majority of their populations are at the bottom of the pyramid and thus cannot afford products designed for the developed markets has made these emerging economies fertile ground for developing and applying disruptive innovations A novel mix of key attributes distinctive from those of established technologies or business models disruptive innovations are typically inferior yet affordable and good enough products or services which originate in lower end market segments but later move up to compete with those provided by incumbent firms This book sheds new light on disruptive innovations both

from and for the bottom of the pyramid in China and India from the point of view of local entrepreneurs and international firms seeking to operate their businesses there It covers both the theoretical and practical implications of disruptive innovation using conceptual frameworks alongside detailed case studies whilst also providing a comparison of conditions and strategic options in India and China Further unlike existing studies this book focuses on the neglected perspective of local challengers as the primary players and in doing so reveals the extent to which the future landscape of global competition may be shaped by disruptive innovation as well as its capacity to make the world flatter and more sustainable This unique book will be valuable to both scholars and practitioners interested in disruptive innovation and those working in the fields of Asian studies international business economics and globalization *Towards Green ICT* Ramjee Prasad, Shingo Ohmori, Dina Simunic, 2022-09-01 ICT is playing an increasingly important role in both business and individual s private life It has increased international interconnectedness and speed up the process of globalization But on the other side the total energy consumption by the communication and networking devices and the relevant global CO emission is increasing exponentially ICT has in many ways a vital role to play It accounts for about two percent of global CO emissions Telecommunications applications can have a direct tangible impact on lowering greenhouse gas emissions power consumption and achieve efficient recycling of equipment waste This book is the outcome of the special session on Green Communications at The 12th International Symposium on Wireless Personal Multimedia Communications WPMC held in September 09 in Sendai Japan To the best of the editors knowledge this is the first book on the Green Information and Communication Technologies ICT and can be considered a milestone and a key tool aimed at driving the industrial scientific and academic efforts of the international community to guarantee a greener future to the whole planet *Educart English Section-1 A NTA CUET UG Entrance Exam Book 2024 Final Revision (100% based on 2023 official CUET Online Paper)* Educart, 2024-06-17 Book Structure NTA CUET English Official 2023 Paper Solved 3 Official Past Year Papers including a Mock Paper 10 2 Practice Papers Educart CUET 2024 English Final Revision Features Frequently asked questions that will help you prepare well for the CUET exam Industry best detailed explanations for each question in the book and is strictly based according to the latest marking scheme Theory to help students learn the basics of solving questions based on comprehension grammar and vocabulary Focus points to help students understand how to answer each question in the best possible way Why choose this book The book consists of 12 practice papers solved unsolved for students to prepare Formulated by subject experts from the field after months of research the book is currently the best in the market *Educart 10 CUET UG 2025 English Past Years & Mock Papers 2025 with OMR Sheets (Section IA, new NTA syllabus)* Educart, 2025-02-22 What You Get NTA CUET official 2025 papers solved Past year papers to understand the exam pattern 10 Mock Test Papers for English Educart 10 CUET UG 2025 English Past Years Mock Papers 2025 with OMR Sheets Section IA new NTA syllabus Based on NTA CUET UG Syllabus and New Exam Pattern Topic wise Detailed Theory Class 12 and Supplementary topics MCQ Questions for Every
