Everyday Masculinities and Extreme Sport Victoria Robinson, 2008-09-01 Rock climbing is one of today's most popular extreme sports. Although many women are involved, the sport retains a particularly male image and culture. *Everyday Masculinities and Extreme Sport* presents the first in-depth study of rock climbing in the UK, analysing what it reveals about the contemporary construction and performance of masculinity through sport. One of the key concerns of the book is the relationship between everyday masculinity and the pursuit of the extraordinary through sport. Drawing on insights from sociology and gender studies, the book challenges traditional approaches to the analysis of sport. **Fuel Cells** Noriko Hikosaka Behling, 2012-12-05 This book is a one of a kind definitive reference source for technical students and researchers, government policymakers and business leaders. It provides an overview of past and present initiatives to improve and commercialize fuel cell technologies. It provides context and analysis to help potential investors assess current fuel cell commercialization activities and future prospects. Most importantly, it gives top executive policymakers and company presidents with detailed policy recommendations as to what should be done to successfully commercialize fuel cell technologies. pub desc
