journalist Jamal Khashoggi While stamping out dissent by holding 300 people including prominent members of the Saudi royal family in the Ritz Carlton hotel and elsewhere for months he continued to exhibit his extreme wealth including buying a 70 million chateau in Europe and one of the world s most expensive yachts It seemed that he did not understand nor care about how the outside world would react to his displays of autocratic muscle what mattered was the flex Blood and Oil is a gripping work of investigative journalism about one of the world s most decisive and dangerous new leaders Hope and Scheck show how MBS precipitous rise coincided with the fraying of the simple bargain that had been at the head of US Saudi relations for more than 80 years oil for military protection Caught in his net are well known US bankers Hollywood figures and politicians all eager to help the charming and crafty crown prince The Middle East is already a volatile region Add to the mix an ambitious prince with extraordinary powers hunger for lucre a tight relationship with the White House through President Trump s son in law Jared Kushner and an apparent willingness to break anything and anyone that gets in the way of his vision and the stakes of his rise are bracing If his bid fails Saudi Arabia has the potential to become an unstable failed state and a magnet for Islamic extremists And if his bid to transform his country succeeds even in part it will have reverberations around the world Longlisted for the Financial Times McKinsey Business Book of the Year Award
