INTRODUCTION

With the possible exception of spear or javelin throwing, archery (using a bow to shoot an arrow) is probably the oldest sport in existence. It can be traced back to prehistoric times. Archery also played a major role in military history for thousands of years.

Today people participate in archery for the sheer enjoyment of target shooting and bow hunting. It is also a relatively inexpensive sport which can be practiced both indoors and outdoors. Bow hunting for deer, peccary (wild pig) and other small game is gaining in popularity in the United States. Bow hunters often participate in competitions with full-sized three-dimensional targets made to resemble actual game.

For example, the annual "Mountain Man Classic" bowhunting competition in North Georgia involves running against the clock up and down 1-1/2 to 2 miles of steep wilderness terrain, spotting and shooting at deer and turkey targets that have been placed in obscure locations. This type of archery competition is extremely strenuous and requires months of endurance conditioning in addition to skills with a bow.
